

BRITISH GAIN IN FIERCE WESTERN THRUST

HIGH WINS IMPORTANT POSITIONS IN BIG DRIVE

Terrific Bombardment Begins at Dawn in Offensive to Break German's Belgian Grip

SMASH IS MENACE ON COAST BASES OF KAISER

Teutons Stubbornly Resist the Advance and Fierce Artillery Battle Is Still in Progress

BY INTERNATIONAL NEWS SERVICE
LEARNED WIRE TO TRIBUNE

LONDON, Sept. 20.—A new British offensive is in full swing. At dawn today Field Marshal Haig's army again took up its gigantic task of shattering the German grip on the Belgian coast.

Following a terrific bombardment the British attacked along the Roulers road, east of Ypres taking important German positions over a wide front. The assaults continue and the biased trenches and the shell-torn bluffs of a woodland.

The new British thrust comes upon the heels of a savage stroke against the German positions on the Belgian front, where infantry fighting raged all day Wednesday.

Students of military strategy believe that the ultimate goal of the British war office is to compel a general retreat of the Germans along the northern end of the West Flanders front. If this can be achieved the German submarine base at Zeebrugge will be seriously menaced as well as the German hold on Antwerp. Comparative quiet now exists up to the eastern, Italian, Rumanian, Macedonian and Turkish battle fronts.

OFFENSIVE FOLLOWED BY FIERCE BATTLE

LEARNED WIRE TO TRIBUNE

BRITISH HEADQUARTERS IN FRANCE AND BELGIUM, Sept. 20.—(By The Associated Press.)—Field Marshal Haig's offensive, which was begun at dawn this morning on the Belgian battlefield, is proceeding with marked success, especially in the crucial sector between the Ypres-Roulers Railway and Hellebeke.

The German Infantry is making a most determined resistance to retain this vital ground, and the Teuton enemy is retreating heavily against the British big guns.

A bitter fight is in progress in the neighborhood of Inverness, Cope, Nunwood and Glenmore. Along the front the British are maintaining the positions to which they have advanced, in this sector they have accomplished one of the most remarkable and most important achievements in recent months.

BRITISH BARRAGE SWEEPS COUNTRY

Today's offensive will be known as the battle of the Road. The British had improved the ground, but the mud was deep and the whole territory covered with water-filled shell holes, tangled barbed wire and shattered trees. The German defenses were composed largely of concrete redoubts.

The Germans poured a wicked stream of bullet into the ranks of the advancing troops, from concrete redoubts. Every little elevation and all the woods were choked with rapid fire guns.

The British encountered hard fighting at many places, but their magnificent artillery work had done much to make the first stage of their drive easier.

The British barrage swept the country like a broom. The Germans knew the attack was coming, but were unaware of its exact locality.

ARTILLERY DUELS ON FRENCH FRONT

PARIS, Sept. 20.—Artillery duels along the French front from the Oise river to the Vosges mountains were reported by the war office today. The big guns were particularly active on the Aisne river in Champagne and on the Verdun front.

TOKYO, Sept. 20.—China is expected shortly to decide on the sending of 20,000 troops to France, front according to a despatch today to Nichi Nichi.

GENEVA, Sept. 20.—That the Germans hope to retake the city of Antwerp is indicated by their activities in that country.

A traveler arriving here today stated that the Germans in Rumania are working industriously building new highways, railroads, bridges and other improvements.

ALLIES AID AUSTRIA IN LAST STAND

ROME, Sept. 19.—Prisoners taken by the Italians on the Carso front include several Turks. This proves, Italian army officers say, that Austrians are retreating from their last possible quarter in making a last desperate effort to stem the Italian advance.

Americans Given War Crosses for Notable Bravery

BULLETIN
By J. W. PEGLER.

United Press Staff Correspondent
HEADQUARTERS OF THE AMERICAN ARMY IN FRANCE, Sept. 20.—Brigadier-General George Duncan and Major Campbell King, both American army officers, were awarded the French war cross for courage shown under extremely heavy shell fire.

The Americans were observers with the French army.

These are the first American officers, in the American military service at the front or elsewhere, to receive decorations from any one of the allied powers. The French award to them, raises at once the question of future enforcement of the American army regulations forbidding American soldiers to wear foreign decorations. General Duncan today exhibited this war cross—kept in his trunk—and likewise the helmet which he wore at Verdun. The tin hat was dented where a fragment of shell had struck it. "It was pretty hot up there," the general confessed to the United Press correspondent, "but I was certainly surprised to receive the French war cross."

Smith, Mills, Fuel Chiefs, Pardoned

SAN FRANCISCO, Sept. 20.—James E. Smith, vice-president of the Western Fuel Company, serving eighteen months in San Quentin penitentiary for coal weight frauds against the government, and Frederick Mills, superintendent of docks, convicted on the same charge, were pardoned today by President Wilson, according to a telegram received from Senator James McPherson.

Smith and Mills began serving their sentences November 9, 1916, after they had spent nearly three years in legal battles to prevent the execution of the judgment. In February, 1913, the grand jury indicted John L. Howard of Oakland, president; James B. Smith, vice-president; Frederick Mills, superintendent; E. H. Meyer, assistant superintendent; Joseph L. Schmidt, treasurer; Robert Bruce and Sydney Smith, directors, and Edward J. Smith, weigher.

Edward J. Smith was acquitted by the jury. John L. Howard died in his Oakland home during the course of the trial. The court instructed the jury to acquit Schmidt, Bruce and Sydney V. Smith. The sentences were imposed originally by Judge Dooling on March 19, 1914. Appeals were taken and the convicted men made one of the hardest legal fights, for freedom that is recorded in State annals.

Suits of the company were found to be improperly adjusted and it was proven at the trial that they had been used for short-weighting imported coal and over-weighting exported coal for years. It was estimated that the government had been defrauded of nearly \$1,000,000 and the defendants were tried on a charge of conspiracy to defraud. Uncle Sam is now suing to recover about \$500,000 of the money.

James B. Smith was sentenced to twelve months and a fine of \$500. Mills was sentenced to eighteen months without a fine and Meyer to one year in the Alameda county jail.

NEW STAFF CHIEF?

WASHINGTON, Sept. 20.—Secretary Baker said today there would be an announcement concerning the chief of staff in a few days. Major General Scott, chief of staff, reaches the retirement age this month and the understanding is that he is to be retained in active service with a field command. His successor is expected to be Major General Tasker H. Bliss, now assistant chief of staff.

NO PASSENGERS ASKS RECOUNT OF NEW YORK PRIMARY VOTE

LONDON, Sept. 20.—A Melbourne despatch to Reuters' Limited says that the British steamer Portkembia, which was sunk by an explosion near Cape Farewell, N. Z., carried no passengers but a valuable cargo. She sank in twenty minutes.

ARE NOT EXEMPT

FORTLAND, Ore, Sept. 20.—Striking shipbuilders of military are not exempt from draft, United States Attorney Clarence Reams held today. Reams took the stand that the men voluntarily quit their jobs and were not now engaged in an essential war-time industry.

KILLS WIFE; DIES

SAN DIEGO, Sept. 20.—Exhausted by brooding over the illness of his son, in Hot Springs, Ark., Noah A. Paters, proprietor of a country store at Paters, near here, early today became insane and shot and killed his wife and then himself.

FATE NEARS KAISER FROM MANY SIDES

Domestic Dissensions Added to Increase in External Foes Complicating Their Problem

Argentina's Stand, Pope's Failure and New U-Boat Prophecy-lactic Make Potsdam Tremble

BULLETIN.
THE HAGUE, Sept. 20.—Serious food riots, which were quelled with the utmost difficulty, have broken out in the German cities of Cologne, Dusseldorf, Elberfeld and Dortmund, according to advices from the German frontier today. A military guard has been placed over the food stores in the cities mentioned.

BY UNITED PRESS.
LEARNED WIRE TO TRIBUNE
WASHINGTON, Sept. 20.—Slowly the world's moral pincers are closing on Hohenzollernism. From all corners of the earth today came indications that the German rule is facing destruction.

Diplomatic advices here indicate that for the first time the Teuton press is beginning to warn of a divided people—initial admission that the force of the German rule is facing destruction.

Hard upon these facts came the sudden decision of the Argentine senate to break with Germany. If the lower house approves the senate's act and Argentina joins the powerful ever-growing forces against the Kaiser's regime, it will be the heaviest blow struck the central powers since the United States joined the war.

One by one the countries of the western hemisphere are falling in behind the United States. Argentina and others have been the hotbed of German intrigue throughout the war. In all these countries Germany has powerful commercial holdings, treasured possessions, which she has battled vigorously, though with blundering diplomacy, to hold until after the war, when she would make them the groundwork for revival of her aims for commercial-political world supremacy. All these dreams are now jeopardized by Argentina's action.

Peace cannot come now except on the terms of President Wilson. The Pope is through, convinced that no further negotiations are possible until a victor's peace has been won by the allies or the rule of the Hohenzollerns toppled by the Teutonic peoples.

Reports on submarine sinkings for the last week show further decreases in the number of large vessels sunk and an increasing number of attacks on smaller ships. Secretary Daniels neither confirms nor denies that this government may have secured at last a measure of greatly reducing the effectiveness of the U-boat torpedo.

Russia promises to whip her army into shape for a spring drive. And when the big squeeze comes this time her officials here say Lloyd George will not be able to declare "the Russian nipper of the pincers broke."

Food Supply From U. S. Only Hope

LONDON, Sept. 20.—Warning that unless the allies are able to import supplies to feed the army and civilians "victory may slip from their grasp," was voiced by Lord Rhonda, food controller, in an interview with the United Press today.

"Britain during the next twelve months will require ten million tons or a billion dollars' worth of foodstuffs from the United States and Canada," he declared.

This great supply of foodstuffs, Lord Rhonda said, would include mostly cereals, sugar and hog products.

ASKS RECOUNT OF NEW YORK PRIMARY VOTE

NEW YORK, Sept. 20.—By a narrow margin of 1,119 votes, with two election districts missing, Inc. Mayor Mitchell, a Democrat, and fusion candidate, won the Republican nomination for mayor over Wm. M. Bennett in yesterday's primaries.

Dennett announced today that all the votes cast for him in Manhattan were not counted and that he would demand a recount.

John F. Hyland, Democrat, supported by Tammany, was unopposed at the primaries and unless Bennett's action interferes, the fight in the coming election will be between Hyland and the mayor.

TEUTON DISASTERS

AMSTERDAM, Sept. 20.—A score of persons were killed and two-score hurt in a collision of German troop trains between Brussels and Villers, according to advices received here today.

At least thirty-four persons were killed and more than a score injured in an explosion in a German munitions factory near Cologne, said a despatch received here today.

CRONHOLM EMERGES TO MAKE DENIAL

Sweden's Diplomat in Mexico Declares He Never Attempted Intrigue in Kaiser's Behalf

Argentine Senate Votes to Sever Diplomatic Relations With Germany; Break Near

BY UNITED PRESS.
LEARNED WIRE TO TRIBUNE
MEXICO CITY, Sept. 20.—Folke Cronholm, ex-charge of the Swedish legation, emerged from hiding today for the first time since the United States bared the famous Von Eckhardt letter, to deny indignantly that he had aided Germany as Von Eckhardt said he had in his despatches recommending a decoration for the Swedish diplomat.

The German minister never offered or promised me any decoration," Cronholm declared. "Moreover I have received no decoration."

"The implication that the German minister seems to have gathered that furnished information as to Germany's enemies in Mexico, is as false as it is ridiculous."

"I am not in any position now to make any further statement regarding Secretary Lansing's revelations, because I am still ignorant whether a statement has been made by the Swedish government, or the contents of such a statement, if it has been issued. Any statement from me prior to such knowledge of my country's position would be considered as a diplomatic usage. If, however, I do receive the authentic text of any statement issued by my government, it is possible I may be able to add something to it."

ARGENTINE SENATE VOTES FOR BREAK

By Charles P. Stewart
United Press Staff Correspondent

BUENOS AIRES, Sept. 20.—Whether Argentina will break with Germany depends in large measure on the vote of the House of Representatives today. The overwhelming Senate vote for a diplomatic rupture was expected to be reflected in the decision of the lower house. Buenos Aires reacted to the news of the Senate's 23 to 1 decision in favor of severance of relations with Germany in excited demonstrations.

The city authorities, apprised of the vote, promptly stationed all regular police in the downtown streets that disorder was practically eliminated. The general public's excitement in the situation was attested by great crowds on all downtown streets until a late hour last night and a jam of excitedly curious which assembled early today.

There was no doubt but the administration was profoundly astonished by the almost unanimous vote in the senate for a break with Germany. President Irigoyen and his officials were steadily insisted on full neutrality.

INSTRUCTED TO MAKE PROTEST AT BERLIN

STOCKHOLM, Sept. 20.—It was announced today by the Swedish ministry of foreign affairs today that after the publication by the Washington State Department of the code telegrams forwarded by Count Von Luxburg, the German minister to Argentina, through the Swedish legation, Buenos Aires, the Swedish government on September 10 asked, through the intermediary of the Swedish minister at Berlin whether it was true that the German representative at Buenos Aires had despatched and the ministry of foreign affairs had received, the telegrams in question.

When the reply was received the Swedish minister at Berlin on September 15 despatched to the Swedish government a strong protest in consequence of these incidents and to lay stress on the fact that it had been confirmed beyond doubt that German officials yesterday had abused the confidence of Sweden.

The communication made by the German minister at Stockholm to the Swedish minister of foreign affairs, mentioned in the Swedish official statement of September 17, had no connection with the protest made by the Swedish government.

ITALIAN PACIFISTS

ROME, Sept. 20.—Paraphrased demanding an immediate end of the war have been seized by police here in a campaign against increasing socialist activities in Rome. There have been several instances reported recently where socialist groups have exceeded their previous activity by outspoken advocacy of a revolution in Italy.

RECORD CLEARINGS

Oakland's bank clearings for the week ending today were the biggest of any week this year. The clearings amounted today to \$8,061,249.49. For the corresponding week in 1916 the figures were \$1,534,124.31, the gain this year being \$1,107,114.15.

AMERICAN LOST

LONDON, Sept. 20.—Harry Simms, a resident of Philadelphia, was among four of those aboard a British boat torpedoed a week ago. It was announced today. No further details were made public.

DOCTORS ARRIVE

LONDON, Sept. 20.—Arrival of the first group of American physicians to aid in hospital work was announced today. They were allotted to hospital here and in the province.

State to Probe U. R. R. FINANCIAL CONDITIONS TO BE SHOWN

Supervisors to Learn If Road Can Meet Demands From Figures of State Experts

Notice Served on Corporation; City Officials Notified of Intention to Make Investigation

SAN FRANCISCO, Sept. 20.—That the Railroad Commission will take a hand in the street car strike and investigate at once the financial affairs of the United Railroads at the request of the Board of Supervisors was indicated in a letter to President Jesse W. Lillenthal today. The letter is as follows:

"The Railroad Commission is in receipt from the Board of Supervisors of San Francisco a copy of resolution 14806, new series.

"Section 58 of the public utilities act provides in part as follows: 'The commission and commissioners and person or persons employed by the commission shall have the right at any and all times to inspect the accounts, books, papers and documents of any public utility.'

"You are hereby advised that the Railroad Commission has instructed its appropriate departments to make the necessary investigation into the accounts, books, papers and documents of the United Railroads of San Francisco, so that the Railroad Commission will be enabled to prepare a comprehensive report on its financial affairs. We assume that you will render such assistance as lies in your power to expedite the work of our department."

"THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA." "Charles R. Detrick, secretary."

In their letter to the Board of Supervisors the commission in part says:

"Acknowledging receipt of resolution 14806: 'Whereas it is incumbent upon the city government in the present street car strike to exhaust every means in its power to bring about an adjustment of the controversy between the United Railroads and its employees and restore street car transportation to a normal condition, and

LILIENTHAL'S STATEMENT WILL BE EXAMINED

"Whereas President Lillenthal has made a public statement that the company is unable to accede to the demands of the striking employees for the reason that the income of the company is not sufficient to bear the increased expense.

"Therefore, it is resolved by the Board of Supervisors that the Railroad Commission be instructed to make an investigation into the financial affairs for the purpose of ascertaining whether or not the refusal of the company to arbitrate or grant the demands of the striking employees is justified on these financial grounds, and further ascertain if the operation of the system of the United Railroads would justify the city in going same wages and hours as are now maintained on the municipal railway if the city should conclude to buy out the interest of the present stockholders of the United Railroads."

"In accordance with this formal request we shall proceed promptly to make a thorough investigation of the affairs of the United Railroads of San Francisco and prepare a written report, a copy of which will be sent to the Board of Supervisors."

It is not within the jurisdiction of the Railroad Commission to ascertain whether the refusal of the company to arbitrate is justified on financial grounds, nor to determine whether the United Railroads could be operated on the same wage scale as the Municipal Railway, but their report will make it possible for the Board of Supervisors to determine the policy and take the initiative in any contemplated purchase by San Francisco of the United Railroad properties.

POLICE CHIEF MAKES CANVASS OF SITUATION

After the conference with the United Railroad officials this morning, Chief of Police White made a personal canvass of the entire department and stated that in the twenty-six hours prior to 10 a. m. this morning there had been six acts of violence committed upon the persons of platform men of the United Railroads and that there had been eleven arrests made.

Chief White further said: "Mr. Von Phul did not show me this list of twenty-one acts supposed to have been committed yesterday and I am inclined to believe, in view of an investigation I have just made, that his report comes from overly zealous officers of the Washington detective agency who would have the public believe there is more violence being committed than the public has knowledge of."

Chief White said further that he had no request by the U. R. R. to give all night service, but when they did, they could have it and added police protection.

Rounding up and discharge of two-score or more of conductors employed by the United Railroads was

(Continued on Page 2, Col. 2)

Police Receive Orders Closing Saloons Sunday

In compliance with the request of Governor William D. Stephens that saloons close for several hours before entrainment of drafted men, Chief of Police Nedderman this morning issued instructions that all saloons in Oakland be closed next Sunday between the hours of 10 a. m. and 1 p. m.

The district attorney's office will also request all saloons in Alameda County to close during the same hours.

The governor, in making his request that saloons close prior to the entrainment of the men for the national army, acted upon instructions from Provost Marshal-General Crowder. General Crowder's telegram to the governor was as follows:

"A large percentage of your population is about to leave home for the uncertainties of a soldier's life.

"While not an occasion for sorrow, it is a day for solemnity. It is especially inappropriate that it be marred by the untoward events which drunkenness brings in its train.

"Therefore I earnestly suggest that you consider the advisability of measures looking to the closing of saloons during the next mobilization days as may seem proper to you."

Peace Terms Of Vatican Are Favored

ROME, Sept. 20.—Germany has announced acceptance of the greater part of the peace proposals advanced by Pope Benedict, in reply to the vatican, according to apparently reliable information today.

AMSTERDAM, Sept. 20.—Austria's reply to Pope Benedict does not contain "any new or astonishing peace proposals," according to the Allgemeine Zeitung forecast, published today in Vienna. Dispatches quoted the newspaper as announcing the reply note would be formally presented to the papal nuncio at Vienna today and would be made public in full Saturday.

BERLIN, Wednesday, Sept. 19, via London, Sept. 20.—While the text of the German reply to Pope Benedict's peace proposals will not be announced before Saturday, the Berlin press and parliamentary circles are in the prediction that the message will not contain specific declarations concerning Belgium.

The impression prevailing in well informed quarters is that the note will leave the subject of Belgium in abeyance.

The German attitude on this point might be tersely expressed this way: "Germany considers Belgium too valuable a pawn to be exposed to jeopardy through an ill-timed or hasty move."

ROME, Sept. 20.—Cardinal Gasparri, the papal secretary of state, tonight declared to the Associated Press that the reply of the central powers to Pope Benedict's peace proposals had not yet been received at the vatican. Cardinal Gasparri believes that the reply of the central powers was held up when Emperor William went to Flaga and that it is not likely that it will reach the vatican until next week.

VOTE BOND BILL

WASHINGTON, Sept. 20.—The Senate today adopted the conference report on the \$11,538,000,000 bond bill. The bill is expected to agree to the report tomorrow.

Conferees on the war tax bill again today undertook to reach an agreement on the postage section, with the situation still complicated because of the Senate conferees' refusal to approve finally the tentative agreement to accept a limited zone system on second-class mail rates.

AMERICANS DIE

WASHINGTON, Sept. 20.—The death of two members of the American expeditionary forces is announced in despatches to the War Department. Alvon Bertman of North Verdun, Ind., captain of engineers, died Tuesday as the result of a tumor, and Edmund Squire, a butcher, died of pneumonia Sunday.

FOOD ECONOMY

LONDON, Sept. 20.—Inauguration of a new food economy campaign in Great Britain was announced today by Baron Rhonda, the food controller. If voluntary measures fail, he said, "I shall have no compunction in putting the nation on compulsory rations."

(Continued on Page 2, Col. 3)

STRIKE END UNCERTAIN; OFFICIALS STILL HOPE

U. S. Offers to Pay Half-Raise Demanded in Wages; Only a Part of Men Out Would Gain

PROFITS OVER 10 PER CENT TO BEAR ENTIRE RAISE

Only Commandeered Ships in Yard to Secure Federal Aid Under Proposed Agreement

BY ASSOCIATED PRESS
LEARNED WIRE TO TRIBUNE

WASHINGTON, Sept. 20.—After a long distance telephone conversation with shipping board members at San Francisco, U. S. man Hurley announced today that definite progress was being made toward settlement of the strike of iron workers which is holding up construction of government ships at San Francisco.

He said he expected an agreement would be reached soon between shipbuilders, union representatives and the shipping board's agents.

Indications that the hope of early settlement of the strike of nearly 30,000 shipyard workers and allied craftsmen was not as bright as was reported early today, were given before the conference of employers and union men convened for further negotiations over the wage controversy. M. J. McGuire of the Boiler-makers' Union declared today that he could see no signs of an immediate settlement.

So strong is the impression, not only in metal trades but Federal circles as well, that a working basis is to be the outcome of the various conferences which will be satisfactory to all concerned, that Chairman Edward N. Hurley of the Federal Shipping Board has indefinitely postponed his trip from Washington to the coast to act as special mediator.

For the ships are near a settlement," declared James L. Ackerson, special mediator for the shipping board, this morning. "Our progress during the night has been highly satisfactory and I am hopeful that an adjustment will be effected shortly."

MARE ISLAND WAGE SCALE MAY BE BASIS

It is believed by union men that Ackerson's statements of an approaching settlement refer only to shipbuilding trades and do not take into consideration the fact that many thousands of men not engaged in shipbuilding are on strike.

Union heads who are parties to the conference are maintaining absolute secrecy regarding the negotiations. It is understood that the Mare Island wage scale is under discussion as a feasible basis of settling difficulties. Ackerson said today that the government was willing to assume half of any wage increase granted by concerns working on commandeered ships, here it is under discussion that the concern is making a profit of less than 10 per cent.

The joint conference of all the interests affected began early this morning. Yesterday the conferences ranged from 8 o'clock in the morning until after midnight. Today the situation is believed to be entering upon its last cycle. The two main propositions, both of which have been submitted by Ackerson to the conferees, provide for the assumption of half the wage scale by the government and a tentative offer to have the employees return to work on the navy yard scale while the conferences are under way.

WOULD APPLY TO SHIPS COMMANDEERED FOR U. S.

The offer of the government is taken as significant in union circles as it is held to be tantamount to an admission that the demands of the workers for an increased wage should be granted. To avoid being compelled to pay a proportion of wage increases for companies making big profits on government contracts, the present offer specified that profits of more than 10 per cent must be applied to the government's share of the payment.

In cases where profits are high the entire additional cost of extra pay grants may be borne by the shipbuilders. The cost sharing proposal applies only to ships under construction, commandeered by the government to hasten their completion and will not affect ships ordered originally by the federal authorities. The latter are protected by contracts which cover such exigencies as wage increases.

(Continued on Page 2, Col. 3)

RUSS STRONG AGAIN, SAYS AMBASSADOR

WASHINGTON, Sept. 20.—That the Russian republic may demand the respect and confidence of the United States more than ever before, is the purpose of a formal report by Ambassador Bakhmetiev to Secretary Lansing today. The outstanding features of the Russian statement to this government are:

Russia's future is secure. Her army, considered an invincible factor before the Korniloff revolt, is now the strongest bulwark of the republic. The Bolshevik party, favoring immediate international peace, negotiations, has reached the zenith of its power, after being temporarily strengthened by concessions from Katsensky during the recent crisis.

The pan-Russian solidarity and workers' convention in Petrograd Sunday will curtail Lenin's sudden assumption of powers over the Petrograd council. A more favorable military situation exists now than at any time since Korniloff's ill-fated Gallipoli drive. Absolute denial of any demand for a separate peace between Russia and Germany. The Bolsheviks are for peace among all nations—not a peace with Germany alone. Reports emanating from Washington early this week that Russia was talking separate peace were branded at the embassy as "naïve and false" with a "pro-German" tinge.

That the recent revolt will be the last serious opposition to the government is confidently predicted. Overthrow of the "most popular military leader in Russia" (Korniloff) will "undoubtedly serve as a warning to others similarly inclined." It was stated at the embassy today.

WILL CONCILIATE

LONDON, Sept. 20.—A government plan is being worked out to draw closer and more cordial relations between England and India. Ever since the early days of the war pro-German agents have been working industriously in India to incite sedition. Partial success crowned the efforts of some of these agitators, but the disturbances were quickly put down.

Edwin Montagu, the new secretary of state for India, will make a trip to India in a few weeks and will spend considerable time in Bombay, Delhi and other cities.

JAPANESE CONFER

WASHINGTON, Sept. 20.—Members of the Japanese mission returned to Washington today, enthusiastic over their reception given them in Philadelphia, Newport, and Boston. Conference with American officials, interrupted for the trip, will be resumed tomorrow. The date for the mission's visit to New York has been changed from September 28 to September 21.

"PEACE BOOM" ON STOCKS

BROOKLYN, Sept. 20.—Small gains in stock occurred today, a small peace boom this week on German stock markets. So-called peace stocks, such as shipping and colonial stocks, made gains, while munition stocks were correspondingly depressed. The movement, however, to Berlin and Hamburg newspapers was on a limited scope.

Ship Strike End Is Uncertain State Probe For U. R. R.

Supervisors to Find Men May Go Back to Work at Any Time

(Continued From Page 1)

started today when the company discovered that it is losing a large share of its passenger fares. The supply of tickets already considerably diminished on account of the strike of platform men, has been even further reduced, according to company officials, by a "saw" who has been dubbed the "forty thieves."

The company will cheerfully pay the fare of these men to their homes in the east, said H. T. Jones, superintendent. Jones said that the company would lose less in paying railroad fares to New York for these men than letting any of them work two days longer.

"What the misfit termed adequate protection for our passengers and platform men and rolling stock is hardly evidenced by these twenty-one separate instances of violence yesterday. Manager Von Phul of the United Railroads said before the morning conference with Chief of Police White, 'Should conditions today warrant it we will run our night service until 9 p. m. We would give night service at once could we be assured of protection of our patrons, employees and property. Attacks were made almost in the heart of the city during the daylight hours yesterday, at Eddy and Market, Sutter and Mason, Sutter and Taylor and many others.'

MOTORMAN ATTACKED; CAR IN DANGER

In the attack made at Sutter and Taylor on Motorman Welch he was coming down the hill with a car loaded with 30 passengers. He was struck down from behind by a man who leaped from the car and it was only with the greatest difficulty that Welch got the car under control. If things go as they are we will have a loss of life among our passengers."

Von Phul refused to comment upon the controversy between Mayor Rolph and President Jesse W. Lienthal of the United Railroads, further than to say: "Mr. Lienthal is right and the mayor is wrong and I think that our president's reply to his statement of yesterday stated our position correctly."

Mrs. Dora Barrett, 844 Broderick street, the first woman passenger to be injured during the street car strike, passed a quiet night and her chances of recovery are good. Becoming frightened when a brick was thrown through the window of a Fillmore street car upon which she was a passenger, she jumped from the car while it was in motion and was taken to the Mission Emergency Hospital with a fractured skull and severe lacerations and contusions of the body.

WILL AID TRADE

TOKYO, Sept. 20.—Japan will soon take the first step in her plan to furnish shipping aid to the allies in the war. It was stated unofficially today that three Japanese vessels, now in the Japanese Mediterranean service, will shortly be taken off that run and sent to the British Mediterranean fleet.

GENERAL IS HELD

ATHENS, Sept. 20.—General Papadopoulos, who ordered the Greek soldiers to fire on the French and British soldiers in Athens last December, has been arrested at Missolonghi. He is considered by the government to be a dangerous reactionary.

(Continued From Page 1)

creates on either fixed charge or percentage profit basis.

The fate of the strike situation today is in the hands of the following conferees: James L. Ackerson, special federal mediator; Captain A. F. Ellishbury, district representative of the shipping board; A. S. Gunn, O. H. Fisher and Edward J. Fowler, constituting the California Metal Trades Association committee; R. W. Burton, president of the Iron Trades Council; M. J. McGuire and Pierre Flaherty, labor representatives.

NO DISTURBANCES ON THIS SIDE OF BAY

The strike situation in the east-bay district continued quiet today. There was no violence, the strikers taking the occasion as a holiday and attending theaters, amusement parks and in other ways enjoying life, while the main conference body threshed out the problem with all interests in San Francisco district.

Five concerns of the east-bay are known to have not been materially affected by the strike, so far as a walk-out is concerned. They are the American Standard Oil Burner company, Continental Machine company, Twin Rotary Pump company, American Photo Player company and the Sanitary Container company. These concerns were either paying the advanced scale demanded by the workers or paid it when the demand was made last Monday. As a result no walk-out occurred.

Many of the smaller concerns, not parties to the California Metal Trades Association of employers, have signed an agreement with their workers on an advanced scale of prices. It is estimated that these number about fourteen in all, no tabulation being possible without a canvass of the entire east-bay district.

Chief of Police J. H. Neiderman reported to the city council that extra policemen would not be needed and that no disturbances of any kind were occurring throughout the city. There is a police launch under command of Captain Frank Lynch patrolling the Oakland harbor and water front for possible trouble around the shipyard. It has met with no disturbances.

Wooden Ship Plants In North to Resume Operations Monday

PORTLAND, Ore., Sept. 20.—Wooden shipbuilding plants in the Columbia river district at which 2400 carpenters and about 300 machinists and boiler-makers are on strike will resume operations Monday, according to an understanding reported today that the strike has been reached by operators of the plants. It is hoped the employers that it will be unnecessary to employ new crews. They expect, however, that a peaceful adjustment of the trouble will have been reached with the unions within a few days.

G. Y. Harry, federal conciliator, who has been conferring with leaders of both sides of the controversy, expressed the opinion that the trouble will be settled shortly.

With the arrival of troops to guard the mills and shipyards at Astoria

HIGHER-UP SAW I. W. W. ASSAULT

LOS ANGELES, Sept. 20.—While a patrol guard arrived here today from Arcadia to investigate an attack yesterday by 200 soldiers on the I. W. W. headquarters there was little indication that any action would be taken against the men in uniform.

One of the highest officers in California watched the wrecking of the hall, soldiers declared today. "This high official told us to do our work and do it well and not injure the men we might meet and the place. He rode in an automobile back of the marching men and obeyed his orders. He told us to warn I. W. W. members that any further insults would draw immediate and serious treatment."

Soldiers wrecked I. W. W. headquarters at 506 East Fifth street late yesterday afternoon. Among the soldiers stationed at Arcadia are the members of E Battery field artillery, which was organized in Oakland.

EXTRADITION OF BERKMAN FOUGHT

NEW YORK, Sept. 20.—Information was received here today that Governor Stephens of California had signed extradition papers calling for the return to the state of Alexander Berkman, the anarchist, to face trial on an indictment charging him with murder in connection with the bomb explosions in San Francisco last year.

Berkman is now in the Tombs, having been brought back from Atlanta penitentiary on a writ secured by his counsel.

Herry Weinberger, counsel for Berkman, had promised him and representatives of labor unions a hearing before he would sign the extradition papers, but that he had failed to keep his promise. Weinberger telegraphed Governor Whitman asking leave to present legal arguments as to why Berkman should not be extradited.

KORNILOFF TO FACE TRIAL BY ARMY OFFICERS

PETROGRAD, Sept. 20.—General Korniloff must face a military court-martial to answer for what he may have had in the disgraceful retreat of Russian troops last July, according to announcement today.

This trial, it was assumed, would be separate from that which the rebel leader must undergo on a treason charge.

ARMY ORDERS

SAN FRANCISCO, Sept. 20.—The following army orders were issued here today:

Second lieutenants quartermaster corps, national army to proceed to Linda Vista, Cal., immediately for duty.

First lieutenants quartermaster corps, national army to proceed to Linda Vista, Cal., immediately for duty.

First lieutenants quartermaster corps, national army to proceed to Linda Vista, Cal., immediately for duty.

LOCAL MAN DEAD

OTTAWA, Canada, Sept. 20.—The death of Lieutenant J. T. McFarlane of San Francisco, Cal., was reported in the casualty list today.

Many strike leaders have left, presumably for Gray's Harbor. Pickets have been scattered by the soldiers and the Hammond Lumber Company's mill today is working with a two-thirds crew and more men are reporting for work each day.

ASTORIA, Ore., Sept. 20.—A rumor is current here today among striking shipyard employees that a boatload of strike-breakers is due from Portland.

The striking carpenters say they are willing to return to work if the government takes over the yards and that they will abide by the wages and hours set by the government.

LONGSHOREMEN RETURN

NEW YORK, Sept. 20.—The strike of longshoremen, which involved 500 men and threatened to tie up allied shipping from this port, came to an end this afternoon.

The men agreed to arbitrate their differences and to return to work while the arbitration is in progress. Government representatives are said to have strongly intimated that unless the men returned to work the steamship piers here would be made military ground.

ELEVATOR MEN OUT

CHICAGO, Sept. 20.—Many employees of Chicago elevators walked out on strike today in an effort to force settlement of disputes with employers that have been brewing for some time.

Owners of the elevators declare the strike has every indication of having been brought on by pro-German propaganda and declare that practically every man that went out is of Hungarian birth or descent.

BOARD IS COMING

WASHINGTON, Sept. 20.—Acting on the suggestion of the Council of National Defense, President Wilson today appointed a committee of five to investigate the labor situation in the Rocky mountain region and on the Pacific coast. The I. W. W. problem will be the principal subject of the committee's interest. Heading the committee is Secretary of Labor Wilson. The other members are Colonel L. J. Spangler of Pennsylvania, Vernon Reed of Colorado, John H. Walker of Illinois and E. P. Marsh of Washington.

CREW IS BLAMED

OGDEN, Utah, Sept. 20.—In a statement today, W. S. Law, train master of the Ogden, Logan & Idaho railway, places the blame for the collision in yesterday afternoon, in which fifty-two persons were more or less seriously injured, on the shoulders of the crew of the south-bound train, which he claims derailed orders.

The interurban cars met head-on near Brigham City, twenty miles north of here. Two of the passengers are in a critical condition. Steel equipment, law states, is all that prevented wholesale fatalities.

NAMES PORT MEN

WASHINGTON, Sept. 20.—President Wilson today vetoed the following nominations to the Senate: Judge William C. Adamson of Georgia to be general agent of merchandise at the port of New York; Byron R. Newton of New York to be collector of customs at New York; Daniel C. Roper of South Carolina to be commissioner of internal revenue.

PREMIER REGRETS SOCIALIST LOSS

PARIS, Sept. 20.—Premier Painlevé, responding to a Chamber of Deputies to interpellations by Deputy Frederic Brunetti who asked the government to associate itself with President Wilson's refusal to treat with the German people so long as they were submissive to the military caste and advocating an institution of society of nations, said that he had made every effort to preserve collaboration with the socialists.

"I failed and I regret it," the Premier said.

After paying a tribute to Albert Thomas' services, the Premier said that the absence of socialist ministers would make no change in his policy. He declared his determination to proceed energetically against all intrigues and certain foreign agents, but added that he did not intend to allow these scandals too much publicity in the press, because they were picked up abroad and weakened the country's morale. This part of the premier's speech was interrupted, especially by the Left, as were his declarations that the censorship was necessary and ought to be respected.

The Chamber applauded the Premier's allusions to the society of nations and President Wilson's message as principles to which France fully adhered, thereby showing her abnegation and moral grandeur.

Alexandre Ribot, minister of foreign affairs, told the Chamber France could not reply to Pope Benedict's note without an agreement with her allies "but our war aims are known and we are ready to constitute a society of nations when we have the necessary guarantees."

SEEK TO BRING HOTEL MEN HERE

With the avowed intention of gaining for Oakland next week the California State Hotel Association's convention, five local bonifaces are in Santa Barbara today, where the seventh annual meeting of hotel men is in session. If scheming and propaganda will work the Oakland delegation believes that success is assured. They are prepared to struggle to the last for Oakland as the next convention city.

Those who are at Santa Barbara for the hotel men's deliberations are: Louis Aber of the Hotel St. Mark; Henry Barker, Key Route Inn; Carl Sward, Hotel Oakland; A. C. Graham, Hotel San Pablo; and J. R. Jordan. Sessions began today. Tomorrow Carl Sward is scheduled to give a ten-minute talk on "Cutting Down or Increasing Entertainment in Tourist Houses Over the War Period." The convention will close Saturday night.

SUGAR PRICES TO BE REDUCED

WASHINGTON, Sept. 20.—Reduction of sugar prices about one cent a pound apparently was assured today when beet sugar producers agreed with the food administration to sell to wholesalers at seaboard refining points for 1-4 cents a pound, maximum, instead of the prevailing price of 3-4-10 cents. Retail prices ordinarily would be from 1/2 to 3/4 higher.

These prices will be effective in the western section of the country where sugar beets are raised, about October 1, and in the eastern section about two weeks later.

SHORT OF CARS

LOS ANGELES, Sept. 20.—With approximately 500,000 tons of various products to be shipped east during the months of September, October and November, Los Angeles and Southern California generally, face the most serious car shortage yet confronted in this section. The transportation committee of the council of defense sees the danger ahead. Plans to remedy it as much as possible are under way, with prospects for success rather discouraging.

HELD PRISONER

FORT OGLETHORPE, Ga., Sept. 20.—Sergeant Alfred Bonhaupt of the Sixth United States infantry, who served with General Pershing in Mexico, has been discharged from the army. It was learned today, and interned at the German prison camp here as an enemy alien.

Bonhaupt's dismissal from the army followed the intercepting of a letter which he wrote his sister in Germany in which he expressed regret that the United States had entered the war.

SCHOONER SUNK

WASHINGTON, Sept. 20.—The unarmed American schooner Ann J. Trainer was sunk September 16, a consular telegram to the State Department reported today. The crew of seven men were saved. No details were received.

HIGH BEEF PRICE

ST. LOUIS, Mo., Sept. 20.—What is said to be a record price of beef steers at auction was \$18.50—was paid for a herd of prize-winning steers at the interstate live stock fair here.

TO RAISE WAGES

NEW YORK, Sept. 20.—The United States Steel Corporation today announced a 10 per cent advance in the wages of its workers, to take effect October 1.

Wash Away Skin Sores

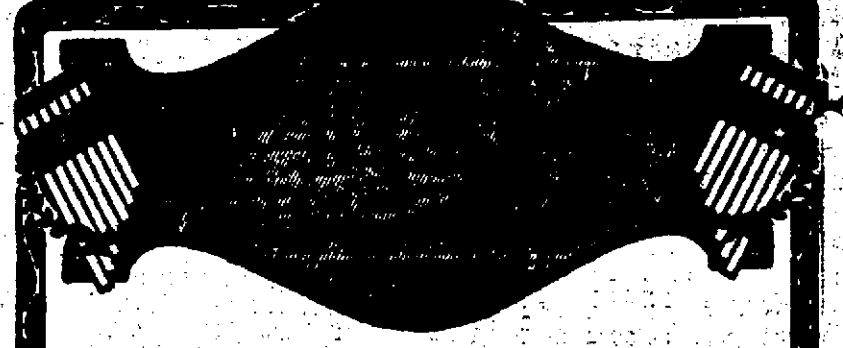

D.D.D., the liquid wash, has become a household word. It has proved itself a remarkable remedy. If you are a sufferer from skin diseases, including eczema, itchy skin, etc., or eczema in any form, this remedy will not disappoint you. It has stood the test and today is the most effective for all skin diseases.

BOYS AT FRONT

Don't forget the Oakland boys that are going to the training camp. Keep them in touch with home ties by sending them The Oakland TRIBUNE. Regular subscription rates—no extra charge. "TRIBUNE Service" will see that they receive their papers regularly. Phone Lakeside 6000.

If you buy a player piano, who's going to be the judge of whether you like it or not?

Yes, of course.

All right! Come up and spend twenty minutes with the APOLLO. Play your favorite selection. Note the easy action—the tone quality—the wonderful accuracy with which the APOLLO portrays real hand-played music.

If you aren't more pleased with the results of your own playing than you ever were with those secured by a professional demonstrator on any other instrument, we'll sell you!

It's an interesting test. Come and make it today. Bring a friend. If only to look—come in, you're welcome.

They YOU HAD BETTER
GET A HOT
WATER BAG

IF The Nights Are Getting
Cold.

These are good nights for HOT WATER BAGS, and unless you have two or three in good working order it would be a splendid idea to lay in a stock.

Speaking of Hot Water Bags, do you appreciate the superiority of the bags you are able to purchase today over the kind you

We have one line in particular that is giving such remarkable service that out of several thousand sold in a year, hardly a single one comes back, although we guarantee them. We refer to **LYNWOOD BAGS.**

The fact is that manufacturers of Hot Water Bottles are making them better than they have ever made them before. The

result is that hundreds of people are using them now who never before felt they could afford them.

We sell a splendid two-quart Lynwood Bar, fully guaranteed, at \$1.50.

**A SPLENDID
VANISHING CREAM**

The demand for Bowman's Peroxide Cream has proven that it has merit and that it is being appreciated. In fact, we consider it to be among the very best of the many vanishing creams now upon the market, although it sells for only 25 cents. It has the quality of

New

slightly bleaching sun-burned and brown skin and is especially favored after a hard auto ride or an unusual exposure to the wind.

DO YOU NEED AN UMBRELLA?

Nearly everyone has

their own ideas about umbrellas. We try to have umbrellas to suit all of the different ideas of all of the different people. If you don't think this requires **SOME** variety of umbrellas just come in and see the kinds we have. There are more kinds of crooks in our umbrella stock than the Post Office has in its list of stamps.

stock than the Police Department ever dreamed of—at 50c to \$25.00.

LIQUID FIRE IS AMERICA'S WEAPON, TOO

WASHINGTON, Sept. 20.—American troops in France are to be supplied fully with trained forces to deliver gas and liquid fire attacks, according to army general orders made public today, giving the organization of special engineer units to handle these devices of modern trench warfare.

The orders show that each army, three corps under the new organization, will have a special engineer regiment of one colonel, one lieutenant and three captains and thirty-eight enlisted men in the headquarters division and six companies with six officers and 250 men each whose business it will be to handle the gas and flame service.

In addition each army will have thousands of men in support engineer units to deal with other phases of modern fighting. There will be a mining service regiment of six companies, a general construction service regiment, an engineer supply service detachment of three companies, three workshop companies and one service battalion; a battalion of topographical engineers to provide a surveying and printing service; a water supply service regiment of six companies; a road engineering company and six service battalions of four companies each, ten motor truck companies of thirty-one trucks each and five wagon companies with sixty-one wagons each.

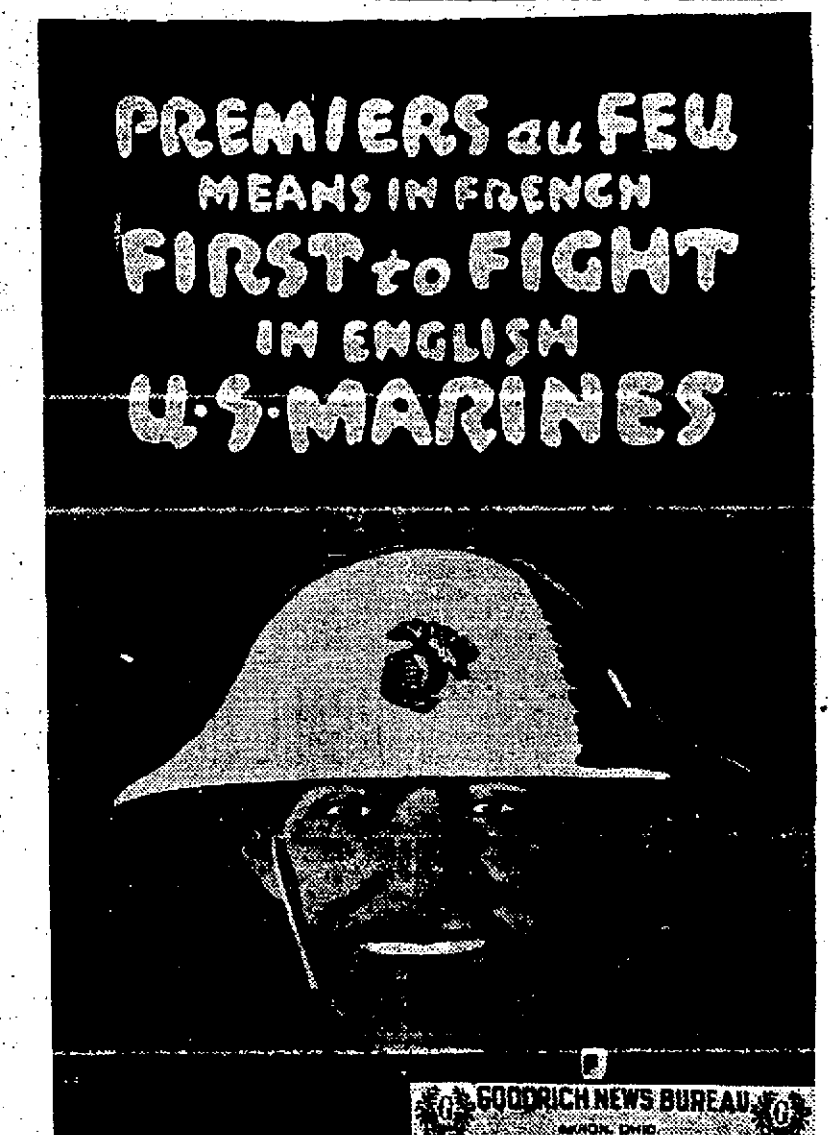

On the line of communications of each army will be a pontoon park with six construction battalions and six service battalions of engineer troops, two supply battalions, two workshop battalions and three supply service battalions, for three work battalions, supplemented by nine service battalions for this work; two battalions of special quarry service troops with three supplemental work battalions; five battalions of railway engineers for light railway service, supplemented by three work battalions; four battalions of railway engineers for the operation and mechanical department, supplemented by three service battalions.

A standard gauge railway service is to be maintained by five regiments of special railway engineers in the first army by the 11th, 15th, 16th, 17th and 18th National Army engineers, with eight supplemental work battalions.

For line of communications, work there will be a separate standard gauge, railroad contingent. Six battalions of railway engineer troops for operations with their service battalions and one regiment (18th National Army Engineers) and one supplemental engineer battalion and one service battalion for the mechanical and supply department.

The order provides also the medical service officers and men to be attached to each of the new engineer units authorized and stimulates that the railroad operating the shop troops, forestry troops and service battalions are to be equipped and trained as infantry but that only ten per cent of them are to be armed except during their training period.

Recruiting Posters Winning Men For the Marine Corps

One of the posters that have been effective in bringing recruits to the ranks of the United States Marine Corps.

The First-to-Fight Idea Proves a Drawing Card in Getting Volunteers.

The marines want more men, and they have been telling the people so through their very attractive posters. Some of the best known artists in the United States have rendered these posters. The "First to Fight" idea has been carried out in all their posters.

The requirements of the United States Marine Corps are that a man shall be 19 years of age or over, not to exceed 35. He must weigh at least 130 pounds and shall be over 5 feet 5 inches tall.

Cooks, bakers, mechanics and all other skilled men are needed most. The local station at 827 Broadway, city, is open every day except Sunday from 8 to 4.

BOY SCOUTS TO SEE NEW FILMS

Enthusiastic support for the rejuvenation of the children's movies has developed at surprising rate, following announcement of the Boy Scouts' stand for pictures better suited to the normal mind of boys and girls.

Superintendent of Schools F. M. Hunter had announced in all schools today of the special Boy Scout program which is to open the series of Saturday morning matinees.

Large lithographed posters announcing the showing of the "Knights of the Square Table," as the feature of the first matinee, Saturday morning, have been placed in every playground in the city at the request of Acting Superintendent of Recreation J. B. Nash, who is himself Scout Master of Troop 12 and recognizes the advantages of the program of directed play found in scouting.

"After all, it is the mothers upon whom we are depending for practical support in this cause of better pictures," said Scout Executive H. R. Wilson, in discussing the juvenile film situation. "Attendance at the performance is the kind of backing that really counts and we have received so many appreciations on the part of mothers who intend either sending their boys or bringing the younger children, that we feel the success of the performance is in great part assured."

The program as now planned begins at 3 o'clock Saturday morning with a swim in Piedmont baths. The pool will be completely turned over the 700 young patriots for an hour and a half of "submarining."

At 10 o'clock the young army will become the guests of the Red Cross committee at the Kinema theater to see the "Knights of the Square Table." Lunch and a watermelon feed at scout headquarters will follow the show, after which all will adjourn to the University of California to see the football games in the afternoon.

Schoolboys reported by their principals as having assisted in paper day, as well as the Scouts, have been invited by the Boy Scout committee to attend the gala day and The Oakland Tribune has been asked by the committee to make the invitation public.

RED CROSS SHIP FROM U. S. GAINS SALONIKI SAFELY

WASHINGTON, Sept. 20.—The United States collier Caesar, with its precious cargo of half a million dollars worth of supplies, including food and clothing, has reached Saloniki, it was reported today in a cablegram which reached American Red Cross headquarters.

The Caesar's cargo will be used immediately to alleviate the sufferings of nearly 300,000 starving and destitute Serbians and other exiled non-combatants.

BAPTISTS LIABE

SAN RAFAEL, Sept. 20.—Half a dozen members of the Baptist church, scattered throughout the fifteen counties of District No. 2, Northern California, will be denied exemption claims, according to a decision reached here by members of the district exemption board. These men, claiming exemption from the certified list because they were conscientious objectors and because their faith prohibited the entrance of worshippers in the fray, must answer to the national call.

Members of the district exemption board decided last night that there was nothing in the Baptist church articles of faith which might hold back members from fighting. The exemption board for district No. 2 disposed of the following cases in Contra Costa and Santa Clara counties:

CAMP FREMONT FOR REGULARS

CAMP FREMONT, Menlo Park, Sept. 20.—Following the announcement that California and Utah troops from Camp Fremont are to be sent to Camp Fremont for training, the War Department orders for today indicate that this cantonment is to be utilized, as soon as construction work can be completed, as a mobilization point for regulars. Crowded conditions at the Presidio of San Francisco are believed to have an influence in the decision.

According to information given out at Western Division headquarters, five regiments of infantry and three regiments of cavalry have been ordered to Camp Fremont. The infantry regiments will be the Eighth, Twelfth, Thirtieth, Sixty-second and Sixty-third. They are now at the Presidio. The cavalry regiments will be the Twenty-fourth and Twenty-fifth, now stationed at Fort D. A. Russell, Wyoming, and the Eleventh, which recently returned from the Philippines.

The eight regiments represent a total strength of 12,000 men. Under the new army organization plan, which gives infantry regiments a strength of 5,500, with 550 men to each company, the five infantry regiments would total 18,000 men, would constitute, with the cavalry, a force of 21,000 men for Camp Fremont, or more than a division.

LEAVE FOR CAMP

SAN FRANCISCO, Sept. 20.—The second contingent of California's drafted men left today for the American Lake cantonment from three counties, including the majority of the Los Angeles county men. Entraining at their home stations they found comfortable traveling conditions and along the route Red Cross chapters had representatives at the trains to serve lunch and light refreshments.

The district entraining today were: El Centro, Imperial county; Los Angeles boards Nos. 3, 6, 8, 11, 12, 1, 2, 4, 5, 7, 9, 13, 18, 10 and 17; South Pasadena No. 6, Pasadena Nos. 1 and 2, Madera and Merced.

TELL NAVY PLANS

WASHINGTON, Sept. 20.—Secretary Daniels and his aides explained the navy's great destroyer construction program to the senate appropriations committee considering the seven billion dollar war deficiency appropriation bill. Immediate appropriation of \$25,000,000 toward a \$35,000,000 program is provided in the bill, which the committee hopes to present to the Senate tomorrow.

CHINESE IS HELD

WRE SIN QUAN, former clearing house clerk at the First National Bank who is accused of embezzling \$3,400 of the bank's funds during the last six months, was today held to answer to the superior court by Police Judge Mortimer Smith who fixed bail at \$2,500.

AN OAKLAND INTERVIEW

Mrs. Petersen Tells Her Experience.

The following brief account of an interview with an Oakland woman over a year ago and its sequel, will be read with keen interest by every resident.

Mrs. Fred Petersen of 1738 Thirty-fifth Ave., says: "For a long time I had pains in different ways. When I bent over, I had to straighten gradually and with my hand to my back for support. At night the pain was so bad I couldn't turn in bed. Besides the lameness and soreness across my back, my kidneys bothered me in different ways. When one's kidneys are out of order, the whole system is affected and I then felt miserable and all dragged out. I had headaches and dizzy spells and was in poor health in every way. I think it was a cold that weakened my kidneys. Several boxes of Doan's Kidney Pills restored me to good health." (Statement given December 2, 1915.)

IN GOOD HEALTH SINCE. On April 19, 1917, Mrs. Petersen said: "I have enjoyed the best of health and have had no trouble with my kidneys since Doan's Kidney Pills cured me."

COPPER PRICE WILL BE FIXED

WASHINGTON, Sept. 20.—President Wilson was at his desk early today wrestling with the final report submitted to him by the war industries board, fixing the prices of copper, preparatory to issuing a proclamation from the White House establishing the figure at which the metal shall be sold. At the executive offices early in the day no intimation could be obtained as to how soon the statement would be issued. Rumors persisted that it might be made public before the close of the day. Because of the feverish condition of the stock market and the uncertain effect the announcement might produce on the exchanges, it was certain no statement would be issued before 3 o'clock, the closing hour of the markets.

FREED BY "ART"

LOS ANGELES, Sept. 20.—Margaret Gibson, motion picture actress, who has figured the past few days in the most sensational "vagrancy" case in local court annals, is free today, acquitted by a jury on which hail a dozen women sat. Miss Gibson was caught in a police raid on a questionable Japanese house. She defended her presence there under the plea of "art."

DIAMOND SETTER ROBBED. SAN FRANCISCO, Sept. 20.—Ernest Burkhardt, a diamond setter living at 1507 Sutter street, was beaten and robbed of \$145 in jewelry and cash by two fellow passengers in a jitney early this morning. The police are investigating.

COOK IS SHOT BY THUG IN HOLD-UP

SAN FRANCISCO, Sept. 20.—Albert Strasser, 1906 Lafayette street, Alameda, reported to the southern police station early this morning that he had heard firing at Fourth and Harrison street. Corporal Malley investigated and found that Paul Swanson, 271 Fourth street, a cook, had been shot in the right breast by one of two men during a holdup. Swanson was approaching Fourth street on Harrison when he was held up by two men, one of whom had a revolver. He was injured and caught hold of the gun. In the struggle it was discharged. After going through his pockets as he lay on the ground the men ran towards Clara street. They were not apprehended. Swanson was taken to the Central Emergency hospital where his chances of recovery are good.

SOLDIER WEDS U.C. GRADUATE AT CAMP LEWIS

CAMP LEWIS, Tacoma, Wash., Sept. 20.—Private H. M. Hester in the finance department of the miscellaneous company of the quartermaster corps, was married Monday night to Miss Ruth Thornburg of Santa Barbara, Cal. The bride is a graduate of the University of California and a member of the Delta Gamma sorority. She is the daughter of Mrs. V. M. Thornburg. Before entering the quartermaster corps Private Hester was a cashier of one of the banks in his home town. Present at the ceremony were the uncle and aunt of the bride, Mr. and Mrs. H. T. Burns, who came from California with her.

F. M. SMITH SUES ON NOTE. F. M. Smith has been made defendant in a suit on a promissory note in the amount of \$10,000 drawn in favor of P. C. Havens, December, 1910, and assigned to L. Fahrbach, plaintiff in the action. The note was secured by

KING WANTS TO PICK OWN BR

ATHENS, Sunday, Sept. 16.—The prospects of a matrimonial alliance for Alexander are being widely discussed. The king has been seen in the company of the young king princess of one of the entente of would be more in the interests of a private alliance. King Alexander has made it, however, that he did not approve view, his desire being to marry a Greek woman of high character daughter of a court official. The suit remains open as to whether a claim will conform with what are considered the state's interests or a private inclination of the monarch. 200 shares of the stock of the Syndicate.

HOW TO JUDGE A WOMAN
BY HER HAIR

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness, or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good preparation made expressly for shampooing. You can enjoy the very best by getting some canthox from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustrous softness will also delight you, while the stimulated scalp gains the health which insures hair growth. WATER FRONT SURVEY PLAN IS BLOCKED

Commissioner F. F. Morse was again balked today by the majority members of the city council when they voted to table a resolution he offered which would authorize him to secure the services of three disinterested engineers to pass on the advisability of leasing an extensive tract of waterfront property to the Union Construction Company. The resolution called for an appropriation of \$300 to cover the entire costs of the survey. The commissioner asked for a reconsideration of the vote.

In support of his personal stand regarding the proposition, Commissioner Morse read to the council a telegram received today from Harland Bartholomew, engineer for the city plan for St. Louis.

EXPERT ADVICE. "Extensive industrial development or even the location of a single extensive industry on waterfront property is contrary to a comprehensive plan of rail terminal and waterfront development is a direct invitation to economic suicide."

"St. Louis has a bell line railroad along the waterfront, and the city is planning to extend it for the full nineteen miles."

"Nothing is permitted which will in any shape or form preclude the extension."

Another telegram received recently from E. P. Goodrich, waterfront engineer for New York City and designer of the Bush Terminal, characterized the proposed lease as a "fatal mistake."

Commissioner Morse said: "It seems to me that we are justified in making a lease very small. There is no question about the pay roll involved. All I ask for is an expert opinion in the matter."

WANTS NO EXPERT. Commissioner Soderberg took a different attitude. He said: "It is a matter to be referred to an expert. Expert opinion would not alter my opinion. I believe that our opinion is better than that of any expert we might call in, and it is up to the council to decide if it is advisable to refer the matter to an expert."

Commissioner W. H. Edwards said: "I am sure that Commissioner Morse is in the best of faith. But we have gone into this matter very thoroughly. The people want larger payrolls. To my mind this is the important feature. Get the payrolls first, and then after 25 years of the best of faith, but we have gone into this matter very thoroughly."

"No expert could change my opinion. A lot of things would be all right, but we don't need it now. Let's see our own guessing as to what may happen in the next twenty-five years."

O'CONNELL HOLDS ARREST ILLEGAL

SAN FRANCISCO, Sept. 20.—The outstanding feature of the O'Connell case today is the fact that the attorney representing the defense, Attorney O'Connell, is in court surrounded by a military guard, but upon the statement of O'Connell's lawyer to the court that he was not to be called today by the witness for the defense, he was returned to Fort McDowell.

At the present rate the case will not go to the jury until Saturday morning.

TWO HUNDRED GOODYEAR GUESTS

Two hundred shoe dealers, foot-wear buyers, clerks and saleswomen from Alameda county shops will be guests tonight of the Goodyear Tire and Rubber Company of California at a dinner at Hotel Oakland.

Chimes to Be Hung at Last English Expert Reaches U. C.

BERKELEY, Sept. 20.—After a delay of nearly a year, the chimes will be hung in the campanile at the University of California. W. H. Billingshurst arrived in Berkeley yesterday, coming at the last moment from London, England, to hang the chimes, and said he would start at once upon the task of placing the great bells.

Farewell Is Planned For Draft Quota in Alameda Beach to Be Scene of Big Affair in Honor of the New Soldiers

ALAMEDA, Sept. 20.—Alameda is now planning its farewell for the 44 men and alternatives who make up the draft quota from this city to go to Camp Lewis on September 23. Neptune Beach is to be thrown open to the drafted men on Friday afternoon and evening. Everything will be free to the men, including a banquet. The entire city is participating in the farewell. Besides the drafted contingent, the members of Company G, the former Alameda National Guard unit, are to be invited to come from Fort Mason and participate in the affair. The guardsmen are also invited to the banquet at 5:30 at which places for 130 banqueters will be spread.

Local Board No. 1 of the city of Alameda is sending its assistance to the farewell plan. The men are called for their first roll-call and to be placed into the service of the government at 5:30 o'clock Friday night. The draft board plans to have a roll-call at 5 o'clock to carry the men from the beach resort to committee headquarters at 1434 Park street.

Swimming, dancing and other park amusements will be open to the men both afternoon and evening. In order to clear up any possible confusion between the farewell plans and the orders to the men to report to the military headquarters, the draft board sent out today the following semi-official letter to the men called for the roll-call:

LETTER IS ISSUED. "Alameda, Sept. 19, 1917. "To the forty-four men and alternatives called for military service, September 21, 1917. "The city of Alameda is planning a farewell on Friday, September 21, 1917, at Neptune Beach."

OAKLAND LAD IS CRACK SHOT

Coming reports to the town through the ability of a rifleman, August J. Senecal, of Oakland, has qualified as a marksman in the United States Marine Corps. His name is on the official list of those who succeeded in the shooting trials recently on the range of Fort Miley, S. C.

Young Senecal, who is the son of Mrs. Mary Senecal, answered the call for volunteers on May 9, last, at Detroit, Mich. He was selected as one of the United States Marines. Right from the start he has made good and has an excellent chance to win his way to the top.

Several thousand marines are already serving in France and the Oakland boy is one of the best of them. He has come to join his comrades on the firing line.

DALTON'S PLANT TO BE ENLARGED

Enlargement of the present small plant and an extension of the scope of its activities is proposed by the Dalton Iron Works, articles of incorporation of which were filed in the county clerk's office. The capital stock of the new corporation is given as \$500,000 and the incorporators are Henry P. Dalton, former assessor of Alameda county and owner of the original plant, Frank N. Dalton and Robert Kavanaugh.

The concern has been operating under the name of Henry P. Dalton & Sons Company. The announcement of the plans of the new concern say that ships, harvesters and farm implements will be constructed, and that general repairing will be done.

CONTRACTOR DIES

RICHMOND, Sept. 20.—Death came to Andrew Wicks, pioneer Richmond contractor, last night at his home. He was forty-seven years of age and a native of Scotland. He is survived by his wife, Alice H. Wicks, daughter of George Macdonald and Mrs. F. J. Patterson and son, Walter Wicks.

The doctor of the funeral has not been announced pending word from the son who is in Oregon. The deceased has been a resident in Richmond for many years, having built many dwellings and buildings here, including the Wicks apartments at Sixth and Ohio.

RECREATION AIDED

ALAMEDA, Sept. 20.—The city council is to pay \$50 a year toward recreation and playground instruction at the California Girls' Training Home, a West End state institution. The board of education is also paying \$50 a year for the same purpose. The plan was introduced by George Macdonald, city engineer, and was approved by a vote of 10 to 2.

CHEMIST WILL AID

BERKELEY, Sept. 20.—Dr. J. A. Marshall, assistant professor of pharmacology at the University of California, left yesterday for Washington to assume official duties as a member of the War Relocation Authority. Marshall was formerly employed as a chemist by the Dupont Powder Company, and took the examination for his commission early in the spring. A successor to fill his place at the university has not yet been chosen.

GOOD-BYE BACKACHE, KIDNEY AND BLADDER TROUBLES

For centuries all over the world GOLD MEDAL Haemorrhoid Oil has afforded relief in thousands upon thousands of cases of hemorrhoids, piles, backache, sciatica, rheumatism, gleet, gonorrhea, and all other affections of the kidneys, liver, stomach, bladder and other organs. It acts quickly. It does the work. It cleanses your kidneys and purifies the blood. It makes a new man of a weak man. It drives away all attacks of the kidneys and completely cures the distressing disease of the kidneys. It is the only medicine for the bladder and kidneys. Bloody or cloudy urine, sediment or "brick-dust" in the urine are unhealthy conditions.

MRS. CLARK CHEERED AS HE GOES TO OGDEN FOR DIVORCE AND SOLDIERS

Mrs. Alice L. Clark of Piedmont avenue near Russell, Berkeley, filed suit for divorce today against Frederick H. Clark, well-known Berkeley banker and capitalist. The suit, which was unexpected in the social and church circles in which the Clarks have moved for years in Berkeley, was based on alleged desertion. The Clarks have two children.

Clark was one of the institutors of the Homestead Loan Association in Berkeley, which later was changed into the Homestead Savings Bank and was recently absorbed by the First National Bank of Berkeley. Since its absorption Clark has engaged in brokerage and investments.

Mrs. Clark, besides being socially prominent, is one of the best known singers on this side of the bay. Her voice has been heard not only in choir work in the college city, but in various recitals and at numerous charity affairs.

Local Board No. 1, city of Alameda, desires to participate in this farewell. It will be held at 5:30 o'clock on Friday night. The men will be taken in autos from Neptune Beach to committee headquarters for military roll-call. They will be returned to the park in autos for the banquet at 6:30 o'clock.

TO BOARD AUTOS. "Important.—The playing of the Star Spangled Banner at 4:50 o'clock by the band will be a signal for the men to get into the autos for the roll-call. The national air, at the automobile gates of the park where autos will be in waiting."

Instructions and farewell banquet and other special attentions are for both the men and the women. The men will be taken in autos from Neptune Beach to committee headquarters at 1434 Park street, at 5:30 o'clock for roll-call. Local Board No. 1, city of Alameda, desires to participate in this farewell.

The 44 men have been asked by the Alameda draft committee to wear distinctive ribbon flags in their buttonholes, the emblem having been mailed to the men, together with a letter, mailed on the day of the roll-call. The roll-call at committee headquarters tomorrow night. The emblem will show the beach of Ogdensburg, where the men are and will then add recognition during the farewell observance.

CONSPIRACY CASE IS HEARING END

RICHMOND, Sept. 20.—It is expected that the prosecution will complete its presentation of evidence in the charge of conspiracy to defraud against Walter W. Hughes, former assistant city engineer, in the case of the city of Richmond. The case is being heard by Judge J. H. Hall and Chief Deputy District Attorney J. H. O'Connell. The case is being heard by Judge J. H. Hall and Chief Deputy District Attorney J. H. O'Connell.

POLICE AUTO HIT BY TRAIN

BERKELEY, Sept. 20.—A Berkeley police patrol machine was smashed into kindling wood yesterday afternoon, when it was struck by a freight train at the corner of Sacramento street and University avenue, but six occupants of the machine, including two police officers, were not injured.

Rebellion Expert Clarence Morrell was driven to the hospital by the train. He was taken to the hospital by a private car. He is now in the hospital. He is now in the hospital.

LEGAL NOTICES

NOTICE OF HEARING. Notice of hearing on the application of Motor Bus Line. Notice is hereby given on September 19th, 1917, that the General Motor Transportation Company, corporation, do hereby have its hearing before the Board of Supervisors of Alameda County for application to operate a motor bus line between the City of Oakland County, Alameda, and San Jose, County of Santa Clara, or such portion of such route as may be determined by the Board of Supervisors of Alameda County. The hearing on this application has been set for Monday, September 24th, at ten o'clock A. M. at the County of Alameda, in the Court Room of the County of Alameda, where all parties interested may appear and be heard on such application.

WOMEN TO DIRECT

Articles of incorporation were filed today by five Alameda county women, forming the Women's Exchange. The old Exchange went out of business several months ago. The incorporators are: Louise M. Glaser, Berkeley, and Georgia C. Ormsby, Ada Fralov, Alice M. Bowman and May C. Hough.

MILITARY WORK PLANNED FOR U. C. STUDENTS SOLDIERS OF BERKELEY TO GO SUNDAY

BERKELEY, Sept. 20.—The University of California is to be the first university of the United States that has called upon its physical education department to aid in its military work according to an announcement of Professor L. K. Kieberger, head of the physical department today. The university has just inaugurated a system whereby the cadet officers of the institution will be given an special course in the execution and teaching of the setting-up exercises of the soldier.

The course was decided upon, according to Professor Kieberger, in order that the cadet officers of the university might not fall under the ban placed recently by Adjutant General McCain, when he explained to President Benjamin D. Wheeler why it was that so many university men failed at the Reserve Officers' Training Camp at the Presidio. The men were "mentally and physically slouchy," he said.

The university has decided that the best advice will be given by breaking away from the old half-hearted method of going through the motions and making the military movements and in obeying commands. By the vim and vigor put into the work both by the student who will take it in the future and officers who are now learning to oversee the work, full value will be obtained and slouchiness reduced to a minimum.

RIGALL QUIZZED IN OXMAN TRIAL

SAN FRANCISCO, Sept. 20.—In the Oxman trial this morning before Judge Dunne, Frank Rigall finished his testimony for the prosecution, and his cross-examination was immediately begun by Attorney Samuel Shortridge for Oxman. Rigall was asked if it was not a fact that he had been indicted in Indiana for a felony and said no—that he had paid a fine of \$30 for running a paddle wheel game at the state fair there.

Rigall also stated that when he had come to San Francisco he believed that he would be helping a young Frank Oxman, and that on Frank C. Oxman had anything to do with it. "I knew there would be something crooked in it, and that was why I took the name of L. O. Charles when I registered from Evansville, Indiana, at the Terminal Hotel."

The cross-examination of Rigall was continued into the afternoon. Mrs. Oxman was in court this morning and sat beside her husband. A special committee of the San Francisco labor council delivered an open letter to Mayor Rolph asking that he take action in connection with the alleged frame-up conspiracy of Oxman.

The open letter to Mayor Rolph was in part as follows: "Since we were unable to see you when we called, let us inform you in an open letter that we are deeply concerned in the involvement in a conspiracy that has aroused labor throughout the world. Let us remind you of the desperate situation of the Knights of Columbus at their meeting last night. 'National Service Men's Night' was the title given the event, which was held at the Hotel California. The Knights of Columbus were embarrassed in his national negotiations by this case; that he found it necessary to clean up this blot before he could send a committee to Russia."

GIRL'S LIFE ENDS

SAN FRANCISCO, Sept. 20.—Angus Johansen's attempt at suicide last night was successful. She died at the Central Emergency Hospital early this morning. She was a domestic of Mrs. C. E. Grunsky, 110 Irving street, who became despondent because Mrs. Grunsky had requested that her soldier son remain away from the house and the girl owing to her youth. She shot herself in the breast with a .22 caliber revolver.

CRUELTY CHARGED

Theckla Williams of Alameda, has sued her husband, F. J. Williams, for divorce and custody of their five children. Cruelty is charged. Grace Bonzagni alleges cruelty in a divorce action against her husband, L. G. Bonzagni. Judrin Ellen Hansen is suing C. E. Hansen for divorce, charging cruelty and desertion, and asking custody of two children.

ASKS DIVORCE

SAN FRANCISCO, Sept. 20.—Charging desertion, Lillian Eshelman filed a petition for absolute divorce from Webster Eshelman in the superior court here today. They were married in Oakland, June 6, 1906, and the petition alleges that Eshelman left her in September of 1913. She asks \$50 alimony a month.

FOR TWO SPUR TRACKS

SAN FRANCISCO, Sept. 20.—The Southern Pacific Company has filed application to the Railroad Commission for authority to build at grade two spur tracks across Grayson street, Berkeley.

ASK THE TRIBUNE

Petition for a writ of mandate to compel the Oakland city council to reinstate Wilfred N. Ball, former city building construction inspector, whose office was abolished on August 10, along with that of Robert Moulds, assistant superintendent of construction, and later recreated and Moulds appointed to the job, has been filed with the county clerk by Attorney Leon E. Gray, representing Ball.

BALL NOW SUES TO RECOVER OLD JOB

Ball contends that civil service regulations demand that in the event a position is legislated out of existence and then recreated, the former incumbent shall be given the preference. He alleges that this was not done and intimates that political juggling caused Ball to lose his job.

IS NOT GUILTY

SAN FRANCISCO, Sept. 20.—Katherine Haggin, who was indicted by the grand jury on a charge of infanticide last year, was found not guilty by a jury in Judge Griffin's court today. Mrs. Haggin's defense was that she had not had the care of a physician at the time of the child's birth and believed it to have been still born. The child died of exposure after having been thrown into a lot by Mrs. Haggin.

WOMEN TO DIRECT

Articles of incorporation were filed today by five Alameda county women, forming the Women's Exchange. The old Exchange went out of business several months ago. The incorporators are: Louise M. Glaser, Berkeley, and Georgia C. Ormsby, Ada Fralov, Alice M. Bowman and May C. Hough.

IN SPITE OF CHARTER TO JOIN JOBS

The Oakland city charter is a panacea. That discovery has been made by the municipal administration with the aid of the city attorney's office. A panacea being a universal remedy for all ills, to be taken now in one way and now in another, could cure anything. Internally or externally, its resemblance to the city charter is so striking as to be unavoidable. The administration has discovered that it can be applied in one way to ward off a threatened attack of recalcitrance and in another way to cure organic disturbances in office appointments. When the recall threatens, apply the charter strictly; when there are positions to be consolidated in the city hall, apply the charter loosely as to ignore it. That is the convenient rule of the legal department of the administration.

This situation developed during the conference held yesterday afternoon in the mayor's office between the mayor, the city commissioners and Roscoe D. Jones, president of the civil service board. The conference was primarily called for the purpose of discussing the provisions of an ordinance suggested by the civil service board which recommended certain drastic changes in the health department, which is under the direct supervision of Commissioner F. F. Jackson. The proposed changes were that the positions of city chemist and city bacteriologist be first abolished and then combined into one position and that the offices of chief food and market inspector and chief plumbing and sanitary inspector be vacated, the work to be divided and re-assigned in the building and health departments.

ATTORNEY IS HEARD.
Deputy City Attorney H. L. Hagan was called before the conference to clear up certain questions. He stated that the council "has no power to consolidate charter positions."

"It has been done, however, and ignored," he added with a smile.
His formal opinion, rendered in response to questions asked by Commissioner Jackson prior to this conference, was that the laws cannot be enforced if the positions of market and food inspector and of sanitary and plumbing inspector are left vacant in accordance with the recommendations of the civil service board.
"As to whether or not existing ordinances can be repealed and other ordinances passed in conformity with the recommendations referred to, is a question which involves serious consideration concerning which my opinion is not requested in your communication."

The charter positions referred to as having been ignored include those of city engineer, assistant superintendent, of streets and assistant street cleaner. "The charter is state law just as binding as any other state law," Attorney Hagan told the members of the conference. "What you cannot do directly you cannot do indirectly."

Commissioner Jackson suggested that "if there is a lack of necessity for men in the departments, drop one of the subordinates and not the head whom you want to keep."

TO CONSOLIDATE PLACES.
Recommendation will be made, however, that the positions of Miss Jennie Burt, chemist, and E. P. May, city bacteriologist, be consolidated into one of "city chemist and bacteriologist" with a woman to fill the place if possible at from \$150 a month.
The position of A. M. Thompson, food and market inspector, will be abolished. While it was pointed out by Commissioner Jackson that the difference between the two "is as wide as between law and medicine," President Jones stated that he had been advised that the two could be readily combined. Jones said that the placing of the plumbing inspection under the building department was with the idea of centralizing all the functions that go to make up a building. The sanitary inspection, it was suggested, be placed under the direction of the health officer. This method of dealing with the charter provisions involves a question that the recall forces are preparing to take into the courts. It will be to determine just how much "state law" the charter really is and whether it is to be consistently interpreted by the administration. The question will involve many points of contention between civil service employees and the heads of the city government. The ordinance providing for the changes in the health department will be presented at once, it was intimated last

Play & Players

DANCING AND COMEDY

ON PANTAGONE BILL.
One of the most effective dancing acts seen on a local stage in many seasons is "The Birth of the Rose," at the Pantagone theatre. Its stars are Rae Snell, a California girl of great accomplishment and promise, and Gladys Harrison of like grace and comeliness. The pretty stars are supported by other dancing girls and their ensemble presentations are exquisite.
Charles Ahern and his eight corylls are given the stellar honors on the program. Ahern, in a tramp make-up, excites as many thrills as the does laughs. All kinds of grotesque vehicles are employed in the act, which ends with a performance by Percy Whitcomb, who rizes recklessly on his horse, power motorcycle.
The Guillian trio of operatic artists include a soprano, tenor and baritone of more than ordinary excellence. Godfrey and Henderson proffer a breezy skill. "Abroad for Ahern and Nelson and Nelson open the bill with a comedy acrobatic offering. "A Ragtime Cocktail" is the title of the skill by Eddie Kane and his troupe, who present songs, comedy and dancing.

WATER NYMPHS WILL

DISPORT AT IDORA.

One hundred water nymphs will rule Idora Park's 40,000 palm-shaded island beach on Saturday and Sunday afternoon.
The fair maidens will take part in the Idora annual bathing and picnic. The event is scheduled for two afternoons. More than 100 in cash prizes will be distributed among the bathing girl beauties and the keenest sort of rivalry has sprung up.

More important is more than a beauty show, however, as here will be shown for the first time the advance bathing frock styles for 1933. Garter and Matters and other firms will display the very latest and smartest in beach costumes.
The wide variety of color and design reflecting every tone of the sun's rays has caused some to apply the name "rainbow" to the bathing girls.
The simile is carried out to a fuller extent when one considers that the "pot of gold," represented in the cash prizes, is really and truly at the rainbow's end.

MIGHTY GOOD MAN

TILLER PUNCH-AND AFTER.

One expects Bill Hart as a fighting person to carry his fighting propensities into his preaching, and he does, with that same dash and vim characteristic of his bad man parts, going to the extent of using his gun to punctuate his religious arguments, as shown at the Kinema, Monday and Saturday.

However, his religion falls him, when a handsome gambler runs away with him. He is a headstrong, but a good fellow, who believes in the law, and fights like a demon, right up to the dramatic climax, where he spurs a new situation on us.
It's the same tense story Bill, with the cool steel eye that greets us in "The Disciple," ever ready for action, quick to draw and shoot straight.

MARY PICKFORD AT

HOME OF REBECCA.

In "Rebecca of Sunnybrook Farm," Mary Pickford is irresistible at the age of 10. Her appeal, her charm, her youthful loveliness, endow the role of "Rebecca," the little country girl, who wants to be a great lady, with the touch of genuineness, astuteness and purpose, witnessed only on the screen in the portrayal of this charming lass of Simsbury, Connecticut, comprising the greater part of the picture depicting the life of "Rebecca" while in the care of her aunt, a spinster maiden, and filled with a humor that simply bubbles over with joyousness. Her efforts to keep off the play circus promoted by Rebecca, and her companions, and the selling of the soap in order to obtain a present for a poor family, are phases which call for rounds and rounds of laughter.
"Rebecca" is entertaining from first to last, and like the majority of Pickford pictures, is universal in its appeal.

A special feature of the picture is a scene in which Mary Pickford is given a time bag of candy with the compliments of Mary Pickford will be given the children attending.

MAY FIX RATES

WASHINGTON, Sept. 20.—Operations of a chartering board to investigate and approve ship charters on behalf of the Shipping Board will be discussed with New York ship men by Commissioner Donald Macdonald of the Shipping Board. Reduction of ocean freight rates is one result expected to follow the board's creation.

WILL CARRY 15

WASHINGTON, Sept. 20.—Arrangements for the official flight of four Italian aeroplanes from Langley field to Washington and return were completed today. The huge Caproni machine will carry fifteen high government officials, including members of the cabinet, senators, representatives and army and navy officers.

Following the conference, despite the position of Commissioner Jackson that the charter cannot be amended by ordinance.

HYPODROME PLAYHOUSE

HAS VARIED BILL.
Virginia Thornton and Roscoe Karns, assisted by the Hippodrome Players, continue to score heavily in the leading roles of "The Deep Purple," which is being presented in the elaborate fashion by Director Charles King at the Hippodrome Playhouse.

Assisting the two leading performers are Rupert Drum, Vilma Stock, Clayton Smith, Margaret Eugene, Howard Nugent, Roy Chase, Claude Kingsbury, and the rest of the troupe.
In the meantime the Hippodrome Players are preparing for next week's drama, "The Lost Trail," which promises to be a likeable offering. It has never been presented at a popular price and is expected to prove a delightful entertainment.

"The Lost Trail" will start on next Monday with Roscoe Karns in the leading role of "Red Laramie" and will be preceded by another all-vandeville show on next Sunday.

BEN ERWAY IN

BISHOP OFFERING.

With Ben Erway as "Freckles" and the "Violets" as "The Lost Trail" and Leaky in song, the Bishop playhouse is standing them up at every performance. And they're enjoying a better production of any play ever given at the Bishop playhouse than the first and third acts of the Gene Stratton-Twigg comedy.

The story is about a one-armed war veteran named "Freckles" who was found on the doorstep of a charity institution and cared for until he was sixteen. He ran, and finally drifted into the "Lumberport" where his chief loveable disposition soon landed him a job with McLean a millionaire lumberman. He falls in love with "Angel," a pretty girl of the district, and eventually discovers that he is not a nameless waif at all but comes from a fine old Irish family, of great wealth. Under the guidance of McLean, he prepares himself for college, and when he returns, the wedding of "Angel" and "Freckles" is the occasion of a grand party.

The songs by the clever trio are all catchy, especially the new "Huckleberry" song.

Robert E. Lawrence will lead the stock company, beginning Sunday matinee, and his first role will be Ted Ewing in "After Five."

LOUISE GLAMM TO

APPEAR AT KINEMA.

Miss Louise Glamm's "peacock" screen will gain new emphasis with the play now showing at the Franklin theater until Saturday. "The Peacock" is a play about a girl who is waiting in a railroad station on the way to New York, where both expect to make careers. Violet Striker, a girl who is waiting in a railroad station on the way to New York, where both expect to make careers. Violet Striker, a girl who is waiting in a railroad station on the way to New York, where both expect to make careers.

It is a play about a girl who is waiting in a railroad station on the way to New York, where both expect to make careers. Violet Striker, a girl who is waiting in a railroad station on the way to New York, where both expect to make careers. Violet Striker, a girl who is waiting in a railroad station on the way to New York, where both expect to make careers.

MORNING MATINEE INNOVATION.

An appeal has reached the American theater. It has been headed. So there will be a Saturday morning performance of "Jack and the Beanstalk" beginning at 11 o'clock.

A wonderful tale which found its way through ages of English-speaking people, and it lent itself so well to moving pictures that a big company called the Fox spent more money to produce it than the best of the golden eggs could lay in ever so many years. With its giant more than 8 feet tall, 1,300 five-year-old children, walled castle and pretty Princess Regina and sturdy Jack, it is so wonderful that grown-ups call it charmingly picturesque and abundantly filled with humor, and little ones think it is the film enchanted.

After seeing it everybody lives happier ever after, as the American theater manager will have the Saturday morning party.

For the first three days next week beginning with the Sunday matinee "Under Haploap" will appear in "Under Haploap" the American in a double bill with June Caprice in "Every Girl's Dream." John Wharry Lewis and his splendid orchestra continue to win the appreciation and approval of the audiences.

PLYMOUTH CENTER

CONCERT PLANNED

Mrs. Ethel Long Martin, pianist, assisted by Mrs. W. W. Randolph, contralto, and Miss Vinnie Urey, violinist, will give a recital tomorrow evening in Plymouth center under the auspices of the California Institute of Musical Art. Admission to the concert is by complimentary tickets, a limited number of which may be obtained upon application to the office of Plymouth Center. The program will be as follows:
Sonata for piano and violin (Gade).
"The Morning Wind" (Branscombe).
Habanera, from "Carmen" (Bizet).
"By the Waters of Minnetonka" (Laurance).
Gavotte (Gluck-Brahms).
Rondo (Brilliant).
"Liebesfreud" (Kreisler).
Meditation from "Thais" (Massenet).
From the "Homeland" (Smetana).
"O mio Fernando" from "La Favorita" (Donizetti).
Gondoliera (Liszt).
Sixth Rhapsody (Liszt).

Mrs. Martin is an advanced student and teacher of piano under Miss Elizabeth Simpson, and Miss Vinnie Urey has studied violin under Alexander Stewart. Mrs. Randolph has been supplying the position of soloist at the First Baptist church during recent months.

WAS TO REMARRY

NEW YORK, Sept. 20.—District Attorney Swann said today he has evidence that Mrs. Mary King, the New York widow, shot near Concord, N. C., August 23, had renewed her friendship with her first husband, Edward B. Hull, of Le Grande, Ill., and a few days before her death said she intended remarrying him early this fall.

Swann has wired to District Attorney Hoynes of Chicago to obtain an interview from Hull and is convinced the intention of Mrs. King to marry may form a part of the motive for her death.

RETURN TO JUDGES' SYSTEM LIKELY AT EMERYVILLE ARENA

PERCY AND FERDIE---Leading Parts, Sure! Wasn't Percy Through the Hoop First? - By H. A. MacGILL

Creator of the Hall-Room Boys.

Eddie Campi Loses His Title When Frankie Malone Is Given Decision For His Showing in Half a Round

Dempsey Drops Miller in Less Than a Minute

By CARL E. BRAZIER

Eddie Campi was handed several surprises at the Emeryville arena last night and the greatest of these was the decision that Referee Bob Shand handed to Frankie Malone at the end of four rounds in the main event of a good fight card. Campi technically loses his claim to the coast featherweight championship by last night's verdict, but the fact that he was the bout still left Campi as the champion, no matter what the old record book may show. For the best that Malone followers could possibly figure from what went on inside the ring was that Malone might have had a draw.

A return to the judges' system is in sight in the future bouts out at Emeryville, for it is doubtful if two out of any three men who might have been judges would have seen last night's bout the way Shand saw it. Conceding that every man has a right to his own opinion, it's tough on the bird whose opinion happens to be different from those of nine out of ten fellows around him, and that's the position that Shand is in today.

To be sure, Campi had nothing but his left hand, but he did more damage with his left hand than Malone did with both hands. For it was not until the last half of the last round that Malone seemed to gain enough confidence in himself to open up. In that half round Malone showed that he could beat Campi, and in another fight Malone would probably start considerably earlier and leave no room for doubt as to his superiority to Campi. But last night Malone did not start early enough to win, and Campi had built up a good safe lead in three rounds before Malone got going in the fourth—and even when he did get going in the fourth, it is no cinch argument to say that he had the round. Many fans would have given Malone only an even round in the fourth, for Campi had his face badly cut and was continually peeping in left to the face, while many of Malone's swings were going wild.

MALONE WAITS TOO LONG.

The first round was a bit tame, with Malone doing nothing until the last minute, and then he was in a couple of rights. Campi had that in a few lefts, but seemed to lack much of a punch and did not follow up his leads. In the second round Malone seemed to gain confidence and started to start something, but he was quickly shot in his left time and again and had Malone on the ropes and swinging wildly. In the first two rounds Malone did not lead and there would have been no fight but for Campi. In the third Malone hooked a few rights to the jaw, but Campi opened up with some of his old-time lefts and the fight was left to slow up Malone until the last half minute of the round.

In the fourth Campi tore loose at the start and hammered away at Malone almost at will, but Campi did not seem to be in shape to stand the pace and slowed up towards the middle of the round, leaving Malone a chance to do his only leading of the bout in the last half. But even in that half Malone's lead was barely more than enough to offset Campi's lead for the first half of the round, and by no means enough to wipe out the lead Campi had built up earlier in the bout.

FAREWELL TO MILLER.

Perhaps we have seen the last of Charley Miller in bay fight rings. The San Francisco motorman has been through a fight for some time, but has been unable to hang long enough to be forced into retirement by something like last night's one-minute knockout by Jack Dempsey. Miller's best act in the fight was after he had been out for a couple of minutes and came to in his corner lying back against the ropes. "What time is it?" asked Charley. Dempsey dropped him with a left before the fight was ten seconds old. Miller was knocked out by a right and Miller fell half through the ropes. Dempsey was a winner in something like the time that he had to show to be considered a possibility by the fans for the Cumbert Smith fight that Harry Sullivan seems to have recovered from Tommy Simpson for next month.

Wild Willie Webb gave Mexican Kid Carter the worst beating he ever received and won an easy decision. In the nose, in the eyes, under the chin, and in the stomach, Carter took blows from every angle until Carter could not see anything but gloves. But still the Mexican was too tough for Webb to knock out. In the last round Webb had worn himself tired by his own efforts and Carter might have evened things up if the fight had been a few more rounds to go. But the best he could do was to open a nasty cut over Webb's eye.

MILLER RUSHES TOO LATE.

Joe Miller waited through two rounds for a chance to land one blow that would finish the fight. He waited until the third round of waiting left Miller to draw for the bout. Pelsinger outboxed him in those two rounds. In the third, Miller charged and Pelsinger tried to rush him, and nearly had Pelsinger out for a minute. Pelsinger came back strong in the fourth and held his own with Miller in the rushing game.

Johnny Arrouze was content to out-box Johnny Nunes and kept hammering away with a straight left at a big gain in Nunes' nose. That was all that Arrouze could do, but it was enough to win the decision. For Nunes refused to get in and fight the rushing style of battle that is needed to beat Arrouze.

GLEASON HAS NO RIGHT.

Henry Gleason seemed afraid of Joe Miller's size and except in a few spurts refused to get in close enough to fight. He was hit by Miller's left hand and the ring with an occasional wild swing and won the decision. Gleason might as well have had no right arm for he did not use it all through the fight.

Al Grunman showed some good form in the curtain raiser when he outboxed Willie Webb and the president of the commission and the president of the major league clubs, a flock of miscellaneous demands, each club owner is asking only for men that are actually needed. As a result, a lot of minor leaguers who expected to train in the big show next spring will stick in the minors—if they are not in the army.

The commission may get around to the matter of discussing dates for the opening of the world's series late today but it is probable that this matter will be deferred until tomorrow. It has been announced semi-officially that the probable opening date for the world series would be the first of October.

The place of playing the opening game will be decided by the toss of a coin. Besides the members of the national commission and the president of the major league clubs, a flock of miscellaneous demands, each club owner is asking only for men that are actually needed. As a result, a lot of minor leaguers who expected to train in the big show next spring will stick in the minors—if they are not in the army.

STAGE BEING SET FOR A CRUCIAL WEEK IN SOUTH

In the stage being set for another "crucial series" in the 1917 Coast league race in Los Angeles next week? With Lake dropping back to a point three and a half games behind the league-leading Seals, and with the Angels coming up to a point only half a game behind the Seals, it looks as though by the end of the week, the Angels may be the only hope to stop the Seals in their final pursuit of first place. And next week the Seals play the Angels down south!

The Seals took their second game in a row from the Bees yesterday, 3 to 2, dropping Salt Lake one game farther behind. The Angels won from the Tigers, 5 to 4, hosting the Angels in the same game. The Bees took another game from the Oaks, thereby dropping Del Howard's boys down to the point where they must at once give up hope of anything better than fifth place. The Oaks are now four games behind Portland and there are only five weeks to the season after this week; and next week the Oaks meet Salt Lake while Portland has Vancouver to play.

ERROR HELPS THE SEALS.

The Seals have taken two games from the Bees in the last two weeks, a possibility that they may have reached their limit. Erickson pitched the Seals to their first win and was lucky to win. The Seals' pitcher, Ray, was a favorite to win his second game of the week, but an error by Ray was directly responsible for the Seals' win, and he was held to a shutout for army duty, and unless Ben Berry can have the call delayed a while, Oldham has pitched the Seals' first game. The Seals' pitcher, Ray, was a favorite to win his second game of the week, but an error by Ray was directly responsible for the Seals' win, and he was held to a shutout for army duty, and unless Ben Berry can have the call delayed a while, Oldham has pitched the Seals' first game.

SEALS BEAT BEES.

Billy Orr saved the Bees from a shutout yesterday. His second inning double followed Ray's single and the Seals chased home the first Bees run. Orr's second double was followed by an infield out and Evans' single and the Seals' second run in the fifth inning. Out of those two innings, Oldham held the Bees always in hand. Except for the second and fifth innings, only four Bees got on the bases, and none went past second. Dubuc opened the ninth with a hit, butting for Gleason. But Orr, Quinn and Evans could get him beyond second and a chance to tie the score was lost.

A sacrifice and Calvo's single to right gave the Seals their first score in the third frame. In the fourth Maisei singled and stole with one out and moved up to third. Schall's ground ball to Sheeley. Downs rolled one to Rath that should have been easy for the third out, but the Bees' pitcher, Ray, was a favorite to win his second game of the week, but an error by Ray was directly responsible for the Seals' win, and he was held to a shutout for army duty, and unless Ben Berry can have the call delayed a while, Oldham has pitched the Seals' first game.

HOMERUNS BEAT OAKS.

Up in Portland the Oaks were the guests of a game that was featured by a recruit pitcher's four-hit performance, and two home runs that sent the Seals to victory. Harry Krause. Del Howard tried to do a lot of experimental work with his line, but he was held to a shutout for army duty, and unless Ben Berry can have the call delayed a while, Oldham has pitched the Seals' first game.

Plenty of Doves Are Killed, But Few in Shape for Eating

Doves are being slaughtered by the thousands in the vicinity of Newman, and also out of the Monterey draft. The hunters bring back killed by a local party. Out of 60 birds killed by a local party, only a few were fit for eating. In cleaning the doves, use water. If the doves are properly cleaned and picked, they will be dry and will keep. It is not much trouble to get off the feathers when the bird is still warm. Harry Franzen, a veteran at the game, claims that but half a dozen pulls will get every feather off a dove.

The method of keeping the birds by packing them in wet leaves is also good, but must be done just right, and is not as safe as the dry method.

Bill Leard, Sam Beer and Pop Arlett are hunting back to Newman for a dove shooting trip. Bill recently bought an automobile and the party figures on being back to Newman for a dove shooting trip. Bill recently bought an automobile and the party figures on being back to Newman for a dove shooting trip.

SAN MATEO WINS.

San Mateo High school rugby players defeated Cowell's team at San Mateo yesterday, 13 to 7.

SEQUOYAH PLAYERS PLAN FOR CLUB TITLE PLAY

The Sequoyah Country Club will start its annual club golf championships on September 29, a week from next Saturday, according to plans just completed. It was planned to have the championships over by October 6, the date of the annual club banquet this year, but with the Del Monte to meet, keeping many of the members in the early part of the month, the Sequoyah title play plans were not settled until now.

The club championships is the only regular scratch tournament of the year on Sequoyah links, and always brings out keen rivalry in all districts. The winners for the club title this year are men and equally matched. Among those who are prominent for the honor are Col. W. S. Allen, Archie Andrew, Harvey Lindsey, F. E. McGurkin and J. H. L'Hommedieu.

Reverses of Form Continue to Feature Grand Circuit Card

COLUMBUS, Ohio, Sept. 20.—Remarkable reverses of expected results characterized the third day's meeting of the Grand Circuit here yesterday and no one was able to predict the results among the well-played losers.

Mabel Trask lowered her former record of 2:08.4 in the second heat to 2:02.4. The summary:

2:16 class trotting, purse \$1000, 3 in.

1. C. C. b. g., by Don Cale (Erskine) 7 1 7 1 1
2. C. C. b. g., by Peter (Erskine) 1 2 2 5 3
3. Favre Rosamond, b. m., by Acquillon (Cox) 3 1 4 2 2
Time: 2:07.4, 2:05.4, 2:04.4, 2:03.4.

Minnie Arthur, Eva Ringden, Blinlin, Willie Cameron and George Summers also started.

The Horse Review Futurity, 2-year-old colts, \$1000, 3 in.

1. C. C. b. g., by The Northern Man (Murphy) 1 2 1 1
2. Rex de Forest, b. c., by The De Forest (Cox) 4 1 7
3. Gold Quartz, b. c., by Peter the Great (Valentine) 2 3 2
4. Don Buncie, b. c., by Ladd (Foster), Donna Lia, Abbie Drayd also started.

Time: 2:09.4, 2:06.4, 2:06.4.

The Hotel Martini, 2:11 class pacings, \$500, 3 in.

1. Little Bait, b. g., by Peter the Great (Russell) 1 1 1
2. Little Bait, b. g., by Red Elm (Cox) 6 2 2
3. Baxter Lou, b. g., by Kinney (Chillico) 2 5 7
4. The Great (Cox) 1 1 1
5. Miss Direct, b. m., by Direct (McGowan) 2 3 2
6. St. Ervick, b. h., by Ladd (Cox) 2 3 2
7. Zimrecht, also started.

Time: 2:03.4, 2:01.4, 2:02.4.

Five Games Now All the White Sox Need to Cinch the Flag

By H. C. HAMILTON, United Press Staff Correspondent.

NEW YORK, Sept. 20.—The Red Sox are going to have it all over with the least pain possible. In spite of the fact that Connie Mack's Athletics took advantage of the White Sox and whipped them, the Boston Sox could gain no headway. They dropped two to Detroit and made it possible for the Athletics to move forward while going back to the Tigers, coming out of things in shape for the Comiskey clan to sweep out the duty, old safety deposit money. It means that the first world's series money since 1908.

Ten games are left on the White Sox schedule. If they win half of them they will finish the season with 100 victories. Fifteen victories, which would use up all the remaining Red Sox encounters, would finish the season with 100 victories. The Chicagoans remain in Philadelphia and the Tigers continue their skill at Fenway Park. The Giants forgot yesterday and lost one—with Slim Salles in Saturday's game.

Charles Hargis, New York for Maryland, declaring he will be back with the Giants whenever he is able. That probably will be in time for the world's series.

Indianapolis Wins Association Pennant

CHICAGO, Sept. 20.—The Indianapolis club won the pennant of the International Association with a good margin over St. Paul and Louisville, which were tied for second place when the association season came to an end yesterday.

Plans for a post-season series with the Toronto club, winner of the International Association pennant, were announced by the Indianapolis club officials yesterday. The first game will be played in Toronto Tuesday, September 25.

The official standings, including yesterday's game, follow:

Club	W.	L.
Indianapolis	50	53
St. Paul	48	55
Louisville	48	55
Columbus	54	59
Milwaukee	51	61
Kennebec	53	65
Kansas City	56	68
Toledo	57	68

WOMEN'S BOWLING CHAMPIONSHIP TOURNEY IS PLANNED BY TRIBUNE

Woman Challenges Man to 12-Hour Match

Wanted—a bowler, man or woman—to roll twelve hours against a woman bowler. Mrs. E. C. Hables of King City is the woman who is daring any man around the bay to meet her in a twelve-hour match on the Maryland alleys. She says she will not keep rolling for the twelve hours, but that in that time she can take things easy and topple over just enough pins to have a bigger total score than any man can make in as many strings as he cares to roll in twelve hours.

Mrs. Hables is the claimant of the women's bowling championship on the coast and she is open to meet any woman in a special match for the title. She recently defeated Mrs. W. E. Lashon of San Diego in a special match, but cannot find many women who will contest her championship claim.

For two years Mrs. Hables has claimed the coast championship and has found few women to contest her claim. But because of the lack of any recognized coast women's bowling tourney, Mrs. Hables' claim is not officially recognized. To meet this defect in the bowling sport, THE OAKLAND TRIBUNE proposes to start a women's bowling tournament on the Maryland alleys within the next two months, and an effort will be made to make this tournament of a sufficiently wide nature to have its winner recognized as the champion at least of the central coast section.

Mrs. Hables will remain in Oakland for a few days to help arouse interest in THE TRIBUNE's tournament; also to meet any man or woman who will accept her twelve-hour challenge, and also to instruct any women bowlers who may be looking for advice. She has given assurance that she will be on hand to participate in THE TRIBUNE's big bowling tournament for women. This tourney will not start until some time in November in order that local women may have a chance to get into shape for the competition, also in order that other women bowlers in other cities may be given a chance to show their interest in the local championship tourney. Watch THE TRIBUNE or inquire at the Maryland bowling alleys for developments in the plans for this big tournament.

WHO'S WHO IN THE WORLD'S SERIES
No. 20—John Lobert
Coach of the Giants.

The veteran infielder of the Reds and without Hans Lobert on the bench and Phillips, who is winding up his major league career with the New York club, is the official checker of the Reds' and all-around utility man. He is McGraw's first lieutenant, and he is entitled to much credit for keeping up the fighting spirit of the club for veteran that he is. John Lobert's brand of pepper is as contagious as the mumps.

Three years ago Lobert came to the Giants from Philadelphia in a deal which included Al Demaree. At that time Lobert was ready to leave the Reds, but McGraw refused to part with McGraw, for when it comes to baseball brains Lobert is a storehouse. He has forgotten more baseball than many a player will ever know.

Lobert was born at Wilmington, Del., in 1882, and drew his first professional baseball engagement at Des Moines in the Western League, away back in 1904. In 1905 he got a tryout with the Cubs, but lacked the necessary pep and was sent to Johnstown, in the Tri-State League. In 1906 he came to Cincinnati and played for the Reds until McGraw obtained him from Pat Moran.

Though Lobert missed out being a member of the Philadelphia club, he will be more than repaid this fall as a member of the Giants for the 1917 world's series—the war notwithstanding. Lobert is the greatest in the history of the game.

Hutchinson to Play Because He Quit Game When Benched

CINCINNATI, Sept. 20.—"Home Run Baker's suspension will stand until Manager Donovan is ready to lift it," Donovan suspended Baker, and the case is entirely in his hands," said Col. Jacob Ruppert, president of the New York Americans here today.

"Baker," continued Ruppert, "was not suspended for failing to accompany the club to Grinnell, Iowa, for an exhibition game Sunday. His suspension is the result of his actions Monday. Donovan made up his mind Monday morning to play Maisei on third base against Boston that afternoon. He told me of his plans Monday morning and said anything he did was agreeable to me."

"When Donovan told Baker Monday afternoon to sit on the bench, Baker went to the club house, changed his clothes and left the park. There was nothing left for Donovan to do, except suspend him."

Ask The TRIBUNE

Former Manager of Pirates Cannot Help Making a Fortune

ESTES PARK, Colo., Sept. 20.—Wealth continues to roll into the coffers of Fred Clarke, former manager of the Pittsburgh Pirates. Client Yore, a well known hotel man here, with whom Clarke owned part of this summer, received word today from the ex-diamond hero saying that he has sold the crop from his 1400-acre wheat fields near Winfield, Kan., for \$175,000.

Season's Best Horses Not Likely to Meet

NEW YORK, Sept. 20.—Efforts to bring the season's best horses together in a special match race at Aqueduct track Saturday have failed. The trainer of Hourless, August Belmont's three-year-old, refused to send the horse against Omar Khayyam, a 1917 champion, that the track is soft and cuppy.

With Old Rosebud's trainer going west, it was found impossible to put on the race between Regent, Rosmer and Old Rosebud.

GIANTS RATED TOO HIGH ON CHANCE TO WIN HONORS

BY JACK VEICK, International News Service Sports Editor.

NEW YORK, Sept. 21.—In slinging up the work of the White Sox and the Giants for the season, it appears that Clarence Rowland's team has the edge on its National league rivals.

There is no doubt about the class of the Giants in their own league. They were universally selected as the pennant winners, and the season opened, and they have made good, but the fact remains that they stand out as a particularly strong team among a poor lot, for the seven remaining National league clubs are notably weak in many respects and usually inconsistent.

The Giants, incidentally, have been overrated.

At the outset of the National league race the odds were set at four to one for the pennant. Many critics went so far as to predict that the race would be over the middle of August. But mid-September found the McGraw men still striving to clinch the flag.

In the American league conditions are vastly different. No less than four clubs—the four who make up the first division now—were in the running for the pennant as late as August 15. It was not until the middle of September that the Chicago team had to play wonderful ball.

Baseball experts who have been keeping the westerners' eyes on the American leagues for the past five or six years are agreed that the American league is much weaker than the National league, and that the class of baseball displayed on the field, tend to prove this conclusively.

So if the Chicago team is a poor lot in the National league and the White Sox the best of a fast quartet of pennant contenders in the American, there is only one answer.

Chicago has the call. Chicago is the logical favorite in the world's series.

Up to this time of the playing of the world's series this line of reasoning would do very well. But in a short series of seven games, such as the classic, a hundred and one things may happen. The season's showing of the White Sox and the Cleveland Indians, with an edge. But are the Sox the best team in a short series? Can the team which fought its way consistently to the American league pennant stand the heat of a rough, rough and ready fighters of the Clan McGraw?

National Commission to Make World Series Plans in a Day or So

CINCINNATI, Sept. 20.—The arrangements for the 1917 world's series will be made before tomorrow, if then. This seemed certain when the members of the National Commission met here today in their annual draft meeting, which this year will be combined with the world's series meeting. Because the White Sox and the Cleveland Indians clinched the pennants the commission think they had better wait a day or two before making the arrangements for the clash between these clubs. The first business taken up was the work of arranging for an all-star championship series between the Cincinnati Reds and the Cleveland Indians. After this has been completed the annual draft of minor league players for the 1918 season will be in order. Big leaguers present were:

Col. Jacob Ruppert, president; Harry Sparrow, business manager, and Bob Kling and Jimmy Kelly, scouts of the New York Americans.

Dan Johnson, president of the American League, and Jim Dunn, president of the Cleveland American League, were on the Athletics; Mike Kahoe, scout for the Boston Nationals; Billy Murray, scout for the Boston Red Sox; and Larry Sutton, scout for the Cincinnati Reds.

Paddy Livingstone, manager, and Billy Doyle, scout of the Milwaukee American League club, also were on hand, as was Louie Hellbrunner, free lance scout, and Ed Barrow, president of the International League. Col. Ruppert makes no bones about being in the market for a new third baseman, indicating the Yankees are through with Home Run Baker, now under suspension.

Red Crown's continuous chain of boiling points insures maximum power and mileage.

Chicago Wheat Pit

CHICAGO, Sept. 20.—Wheat—Receipts continued relatively liberal in the Northwest and scanty in Chicago. Corn—Receipts were heavy, but unable to get much. All requests for red winter wheat were taken care of yesterday. Forecast of the weather for the next week is to follow the present cool weather caused later a more pronounced setback in values. The close was unsettled at the same as yesterday's finish to 1/4c advance, with December \$1.19 to \$1.19 1/2c and May \$1.19 to \$1.19 1/2c.

COMMITTEES WILL AID IN BOOK PLAN

American soldiers fighting for democracy in the world's greatest war will find along the battle-line and in the cantonments that they have thousands of friends whose faces they have never seen yet whose names are familiar.

Through the bracing medium of books will men of the United States land fighting forces come to realize the fact that the "folks at home" are thinking of them and their welfare in more ways than mere material needs. Books, purchased by a million subscribers, will be obtained for the men of our army next week.

Beginning Monday and closing with Saturday, September 29, Oakland, Alameda and Berkeley will do their bits by contributing \$10,000 to the \$1,000,000 campaign, now in the last stages of preparation and fostered by the American Library Association. The million-dollar campaign will find picked committees in every community throughout the land gathering coins so that honest recreation may be afforded the fighting men in the comparative leisure moments. They will have while stationed in cantonments or along trench lines.

TO GIVE PLATES. Book-plates, with the names of volume donors, are planned by committees in charge. For each person who contributes \$1 for the purchase of new books for the soldiers a book-plate will be struck off. This book-plate will be forwarded to Washington, where workers, under direct charge of the Congressional Librarian, are planning to attach them to reading matter.

The name of Oakland, Berkeley and Alameda donors may become known to soldiers from Maine to Florida in the near future. As the enlisted or drafted men open the book in the cantonment library or in a French building behind the western front he will find in the near future the name of a friend, whom he has never met yet whom he knows thought of his welfare.

School children may do their share, according to plans of the committee. Instead of contributing \$1, each school child may enter a compact with three committees—each giving 25 cents for a book. The names of the school children will be placed together on one book-plate, according to committee heads. Each book-plate will have the following phraseology: "This library book is furnished to you through the American Library Association and was donated by— (Name of donor)."

COMMITTEES NAMED. Day by day new, though enthusiastic committees are appointed by Mrs. Dudley Kinsey and her assistants. The following have been selected from the Chamber of Commerce and Commercial Club to gain ten subscriptions apiece from business acquaintances or personal friends:

Joseph Caine, chairman; F. H. Woodward, Walter Townsend, J. J. Rosborough, Miss Elizabeth Sherman, J. T. Travers, Grant Miller, C. W. Dickie, W. H. Welby and G. W. Hatch.

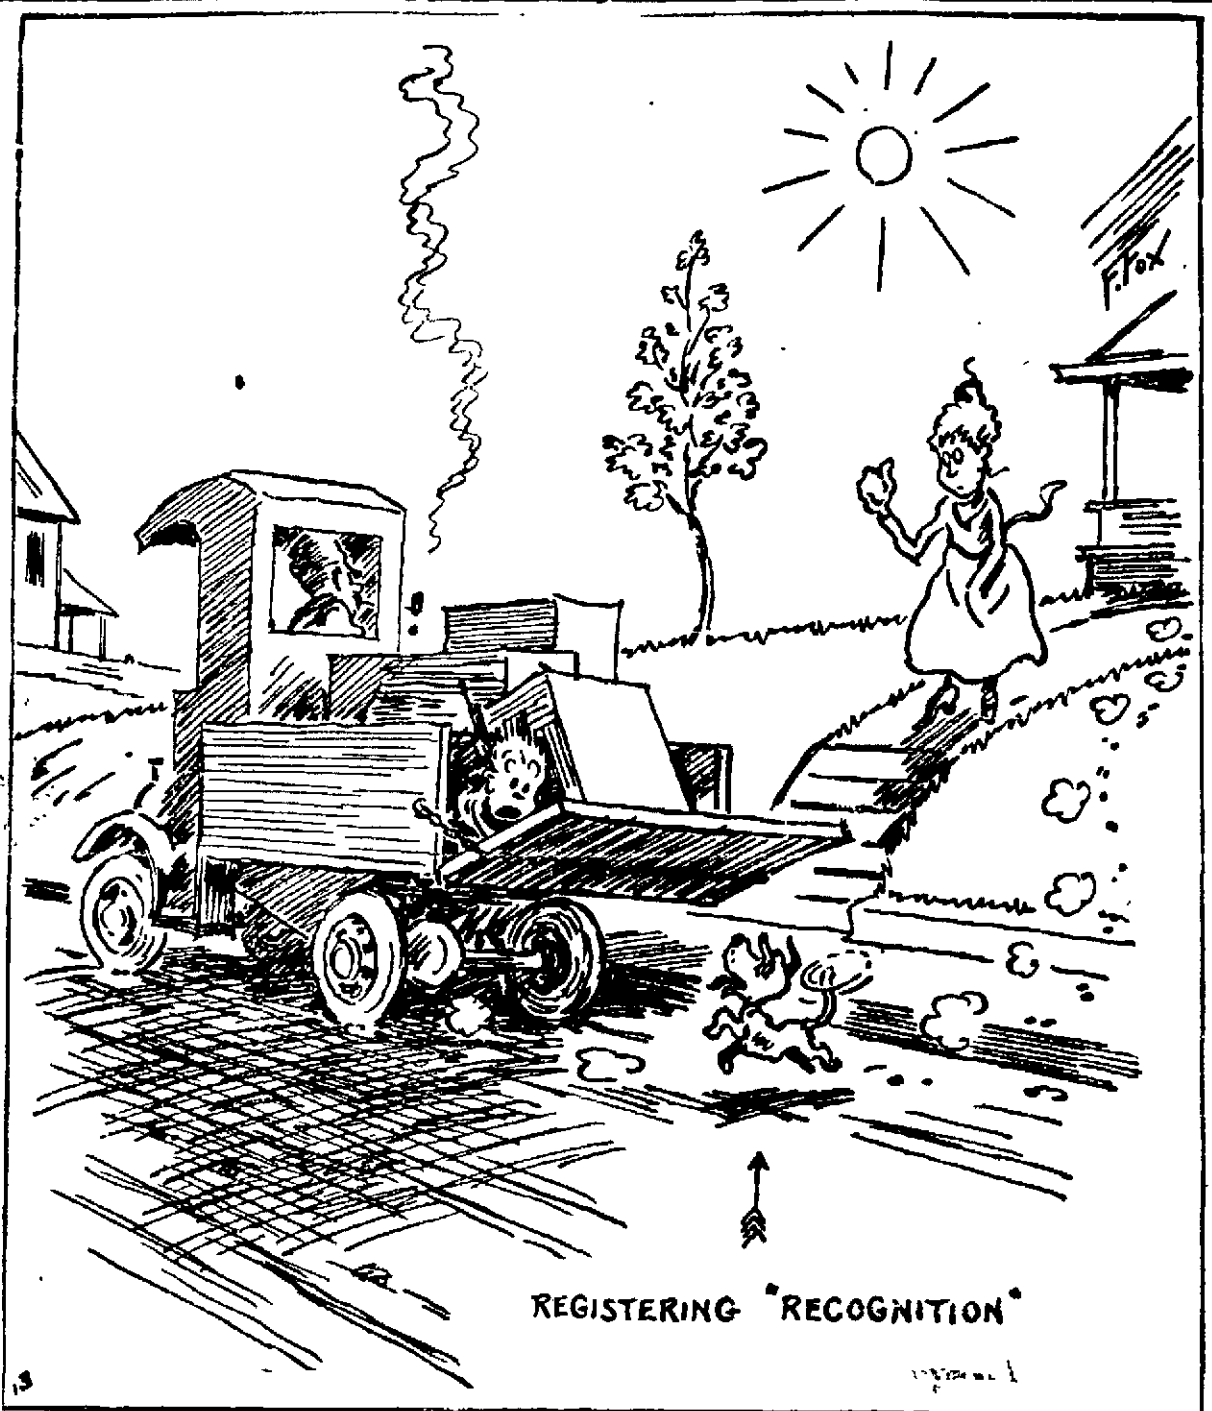

Members of the Civic Center, who have been asked to serve as committee members, include: Mrs. Charles Leonard Smith, Mrs. Daniel Easterbrook, Mrs. Remillard, Mrs. Allen G. Freeman, Miss Cleo Posey and Miss Allene Edoff.

CAINE GOES EAST Joseph E. Caine, managing-director of the Oakland Chamber of Commerce, leaves for Chicago today to attend the annual convention of the National Association of Commercial Organization Secretaries of the United States. Representatives of all the large commercial bodies of the country will attend the convention which is the most notable industrial convocation of the year. Caine will represent the Chamber of Commerce officials at the convention.

On his return trip, Caine will visit New York, Detroit and Pittsburgh. He will also pay a visit to the Congressional representatives at Washington, bearing messages from the local commercial or-

BABY HOSPITAL'S MONTH IS BUSY

The baby hospital clinic, conducted under the auspices of the Baby Hospital Association, has made its report of the number of cases which have received attention at the clinic during the month of August. Calls at the clinic for last month total 1363, aside from 934 home calls. The report is as follows: Home calls, 934; total calls at clinic, 1363; these, medical, 874; maternity, 51; dental, 206; eye, ears and throat, 131; orthopedic, 34; well babies, 63.

One hundred and ninety-four new cases have been received, of these babies numbered 156 and maternity cases, 8. Seventy clinics were held at the hospital during the month of August. The well babies department, which has just been organized, is now known as the advisory clinic, where mothers bring their children from time to time for inspection. Records show that more than 4000 families have received help from the baby hospital clinic.

Organization on naval development, waterfront extensions and other local problems. Caine will endeavor to bring the convention to Oakland in 1918, if possible.

DAUGHTER DIES IN HOUR THAT SON IS BORN

SAN JOSE, Sept. 20.—At the same hour today that Mrs. H. L. Drennon gave birth to a son in a local hospital, her daughter, Elizabeth, aged 3, accidentally drank poison and died.

MATZENAUER TO SING IN CONCERT

Margaret Matzenauer, famed Metropolitan prima donna whose golden voice is of such wonderful range that she sings soprano and contralto roles with equal ease, has been secured as the attraction for the first of the Artists' Concerts given this year by the music section of the Oakland Teachers' Association. The Oakland Auditorium Theater will be the place and the time will be Friday evening, September 28.

Announcement of this important acquisition to the series was made this morning by Miss Z. W. Potter, concert manager and chairman of the music section. Ernestine Schumann-Heink had originally been booked for the opening recital, but she was compelled to cancel her California dates because of "important business in the East. This left the first concert in a dubious position, until Miss Potter succeeded in securing Mme. Matzenauer, who had been announced to appear here under the management of Frank W. Healy.

The program to be presented is as follows: Luna del caro bene..... Scialchi Se Florindo e fedele..... Scialchi Come, My Beloved..... Handel Awake, Awake, Awake..... Handel Am Grabe Anselme's..... Schubert Widmung..... Schumann Sapphic Ode..... Brahms Let von Wille..... Debussy Beau soir..... Debussy Nutt, Tote..... Trossot La dentelliere de Bayeux..... La Forge Before the Crucifix..... La Forge When Your Dear Hands..... La Forge I Came With Song..... La Forge To a Messenger..... La Forge Non coeur ouvre a ta voix..... Saint-Saens Miss Erin Ballard will be the accompanist, playing in addition two solo numbers, MacDonell's "Eau de concert" and Schumann's "Papillons."

There are still a number of single admissions available for this concert as well as season tickets for the entire series of the concert. They may be obtained at Sherman, Clay & Company's store or from Miss Z. W. Potter, room 6, Sherman Clay building.

BANKING RECORD

SEATTLE, Sept. 20.—More than \$3,400,000 is the deposit record here today of the new branch of the federal reserve bank, twelfth district. The branch was opened yesterday morning and the deposits were of gratifying proportion to Acting Manager C. J. Shepherd of San Francisco and his staff.

About \$500,000 of the above sum was transferred by telegraph from the federal reserve bank at San Francisco and the balance was deposited in gold and certificates by local banks.

GERMANS JAILED

SAN PEDRO, Sept. 20.—Masquerading as an American citizen and a Canadian, two Germans were taken into custody by immigration officers at the harbor here today when they attempted to land from steamers docking from Mexico ports. They later gave their names as Max Jundt and Felix Manns.

FLEES BULLETS

Four shots fired at George Fagas, of 1832 Seventh street, early this morning at Eighth and Willow streets have led to a police investigation and a search for Gus Pappas of 347 Wood street whom Fagas claimed fired the shots. Fagas said that he had an argument with several men and that the first thing he knew he was fleeing from bullets.

ALL WARS TO COME TO BE WORLD WARS

"All future wars—if there are to be such—will be world wars," said Professor R. F. Scholz of the history department of the University of California, speaking this morning on "War and Democracy," the first of the lectures which will be given in the "War Course" at Mills College this semester. This course, arranged in recognition of the part which all women are taking in the present war, includes three lectures a week for the entire student body. The subjects include "America's Part in the War," "Russia of Today," "Germany in the War," "France" and many other topics bearing upon the war.

To prevent future wars," continued Professor Scholz, "we must substitute for the balance of power exclusive nationalism, and for monopolistic imperialism, the organized co-operation of all the existing states and nations of the world. The recognition of the maintenance of a stable and lasting peace."

"The three great factors in the present political and economic situation of the world are the free institutions of self-government, the rights and aspirations of nations, great and small, and the imperialistic domination over dependent communities and subject peoples. The reconciliation of these three factors of democracy, nationalism and imperialism depends upon the successful issue of this war and is a necessary prerequisite to any lasting peace."

"Herein lies the significance of the entrance of the United States into the world war. It has brought into clear relief the struggle of democracy versus autocracy. The United States has made democracy safe for the world. The political liberty of the individual and the opportunity for self-government, the recognition of the political equality of the individual states of the union, great and small, the community of diverse races, nationalities and religions, participants in the same political system—these are the contributions of American democracy to the political experience of the world."

"But the world is not safe for democracy so long as the present imperial government of Germany holds to its pretensions and its policies. Its repression of political liberty, its aggressive attempt to realize narrow nationalistic aims at the expense of smaller nations, its striving for world domination with its program of monopolistic imperialism in utter violation of international law and morality—these are the obstacles to a just, stable and durable peace."

HURT IN AUTO SMASH

Mrs. J. L. McCain, 236 Twenty-first street, received a broken right arm and R. Collins sustained bruises and lacerations when an automobile in which they were riding last night plunged into a bulkhead in Rio Vista avenue. They were treated at the Providence hospital.

DRINK HABIT

RELIABLE HOME TREATMENT Thousands of wives, mothers and sisters are enthusiastic in their praise of Orrine, because it has relieved their loved ones of the "Drink Habit" and thereby brought happiness to their homes. Can be given secretly.

Orrine is prepared in two forms: No. 1, secret treatment; Orrine No. 2, the voluntary treatment. Costs only \$1.00 a box. Ask for booklet. Osgood Bros., 12th and Washington and 7th and Broadway.—Advertisement.

NAVAL BASE SELECTION IS DELAYED

That there will be no steps taken this year by the Federal Government toward the selection of the San Francisco bay site for the Pacific Coast naval base is indicated in despatches received here from Washington. More data are to be collected and further surveys and inspections of existing establishments and possible locations are to be made, it is said, before Congress is asked to get to work definitely on the plans.

A thorough inspection of all Pacific Coast naval establishments by the naval affairs committee of the House of Representatives is to be made early in October, it was decided yesterday with a view to recommending extensive improvements at the December session of Congress. The committee will also visit the Hawaiian Islands and possibly extend the itinerary to include the Philippines.

There is now pending before the committee the report of the Helm commission which was filed several months ago after Rear-Admiral James W. Helm and his colleagues had visited the Pacific Coast. This report recommended the establishment of the proposed naval base on San Francisco bay, but left the actual site to be selected later. Until this selection is made, no one can tell whether Alameda, Richmond, San Francisco or California City is to be the fortunate community.

Plans for a Government shipbuilding yard on San Francisco bay to cost at least ten million dollars have been abandoned by the United States Shipping Board, it is said, because of the strike of the ironworkers. According to sources from Washington, the board had the plans practically ready when the strike was called last Monday morning.

RESTAURANTS TO CHARGE PENNY MORE FOR FOOD

Unmarried men who eat three meals daily in Oakland's restaurants are going to feel sorry for themselves within a few days. So are the married men who eat in restaurants out of choice. So are all people who wish to vary home cooking with that of the stout restaurant chef.

For coffee, tea and milk—as served in local restaurants—are going up to six cents each after Sunday midnight. Dishes of steamed fruit, pastry, pie, bread and butter, rolls and toast—each to be obtained for the modest nickel—will demand in villainous tones one penny more from the sparsely-filled pockets of ultimate consumers.

So sayeth the Oakland Hotel and Restaurant Keepers' Association through its secretary, Robert W. Martland. Also it sayeth that sandwiches, short cake and waffles, beloved of the ultimate consumer, may not be sold for less than twelve cents each.

The new rates are effective, beginning Monday's breakfast, and were adopted at a meeting of the organization, held last Friday. Wording of the price reduction to the effect that food products "be charged for at not less than six cents per plate" and "not less than twelve cents each" respectively make it possible for higher prices to be charged than the minimums stated.

Despite the fact that Oakland's restaurants intend utilizing the penny more frequently than heretofore through the advancement of prices, the United States food control officials have brought about a second reduction in the cost of flour.

LEASE IS SUBJECT

E. L. Van der Nulien, an engineer and civic leader of Oakland, will speak in favor of the Union Construction Company leave tomorrow evening at a meeting of the Alameda County Civic Association in the assembly hall of the Bacon building. W. A. Knowles, R. M. Henningsen, former harbor engineer of Oakland, J. C. Downey, president of the Merchants' Exchange, Wilber Walker, secretary of this organization and a number of others have

PURCHASING AGENTS IN CONVENTION

What to buy, how to buy it and where it should be bought, in various forms and applications, formed the subjects of discussion at the opening session of the Purchasing Agents of California, twenty of whom met in annual convention at the Hotel Oakland today. Representatives of counties and municipalities from all over the state were represented.

The delegates were the guests of the Rotary club at noon. The main convention session will take place this afternoon with a smoker this evening. Following a short morning session tomorrow, the visiting agents will be taken through the Bay factory districts. They will be guests of the California Culvert company at luncheon. In the evening the annual banquet will take place. Saturday the final convention session will occur. The party will be the guests of the Chamber of Commerce at luncheon on that day.

The following are among the delegates to the convention: W. G. McMillan, state purchasing agent, A. J. Burton, state harbor commissioner; J. M. Sabin, Jr., Alameda county; Russell Uhler, Fresno; C. S. Merony, Kern county; C. H. Plummer, Los Angeles; J. S. Perry, Orange county; George Vies, Sacramento; W. T. Trethway, San Joaquin; Miss Gertrude Pitcher, San Mateo; G. R. Harrison, Sonoma; L. L. Day, Stanislaus; Miss Marie Carter, Tulare; Arthur Baker, Los Angeles; H. N. Bridgeman, Oakland Board of Education; J. H. Brill, Oakland municipal; Earl Warren, Sacramento municipal; M. J. Kast, San Francisco.

Addressing addresses favoring the granting of this lease. At the meeting tomorrow evening Fred Reed will speak against the lease.

Six Column Capacity (9,999.99)

No More Errors in Customers' Bills

There will be no more figure errors—no more unpleasant "explanations" to make to over-charged customers—if you verify your charge sales slips with a Burroughs Figuring Machine before the bill goes to the customer. While protecting your customers against over-charges you also protect yourself against under-charges.

Merchants all over the country, in every line of retailing, are adopting the Burroughs because it saves customers—helps to build up the business. In many cases it is used right on the counter, where the customers can't help but see it. It is an indication of his desire to afford accuracy protection to the people who trade with him.

If you will call up or write to the address given below, we will gladly show you how advantageously a low-priced Burroughs can be used right in your own store.
